## METHODOLOGY

The analysis in this report is based on results of a survey conducted on June 28th-30th, and July 14-16th 2018 among a sample of 3005 adults, 18 years of age or older, living in the electoral districts of Don Valley East, Don Valley West, Etobicoke North, Mississauga-Erin Mills, Mississauga-Malton, Mississauga Centre, Ottawa South, Scarborough-Guildwood, Scarborough Centre, and Scarborough Southwest, as well as 1846 Muslims in the province. The survey was conducted using automated telephone interviews (Smart IVR). Respondents were interviewed on landlines and cellular phones. The survey is intended to represent the voting population in these ten ridings.

The margin of error for the poll is +/- 1.78% at the 95% confidence level. Margins of error are higher in each subsample.

Totals may not add up 100% due to rounding.
