- IV. Discussion about effective, equitable community engagement:

CRC is one of 17 district councils that receive funding from the City of Saint Paul to administer inclusive, equitable community engagement activities. An important role of district councils is to create a small area plan ([see the Neighborhood Plans page on the City website](#)). The purpose of this discussion is to hear from people who have expertise in community engagement and planning, including the process of creating and implementing a small area plan. The following people will be joining us for this discussion:

- Monica Bravo, Executive Director for West Side Community Organization
- Jens Werner, Executive Director for Summit University Planning Council
- Tara Beard, AICP, manages the Livable Communities Act programs and regional housing policy for the Met Council.
