# Winter Volunteer at Safe Space Shelter

Winter is here! Unfortunately, what that means for the community we serve is that they will have to worry about not only where they will rest their heads at night, but they will often scramble to keep warm while outside. We would like to invite you to join us in serving by volunteering at Safe Space Shelter this winter.

Safe Space Shelter is an emergency homeless shelter managed by Model Cities of St. Paul.

Model Cities’ mission is to create social and economic prosperity by providing access to opportunities that stabilize and develop families and communities in St. Paul. We envision an equitable community where all people have access to housing, economic opportunities, and culturally responsive services that help them thrive. Through our Safe Space shelter, Model

Cities in partnership with Ramsey County, provides overnight emergency shelter for single adults experiencing homelessness.

Safe Space is a low-barrier, 64-bed emergency shelter for unhoused individuals that operates from 10:00pm – 12:00 noon, 7 days a week, 365 days a year. As a low-barrier emergency shelter, we serve a segment of the homeless population facing the highest barriers to shelter, housing, and opportunities leading to self-sufficiency, due to a number of barriers including untreated mental and chemical health challenges.

At Model Cities' Safe Space, we believe shelter is more than providing a bed, it's providing hospitality to those in need. Please review the available slots below and click on the button to sign up for this volunteer opportunity this winter.

Thank you.
