

FALL 2018 PRE-CHARTER RESIDENTIAL BOUNDARY

Fall 2018 Enrollment for Students who Reside within the GHCHS Pre-Charter Residential Boundary

All students need to complete the enrollment process. Because LAUSD does not send enrollment lists or data to charter schools, there is NO automatic enrollment for students who reside within the pre-charter residential boundary. Therefore, all students must follow the procedures below whether they reside within the pre-charter residential boundary or are accepted through the Open Enrollment Lottery.

For students who reside within the GHCHS pre-charter residential boundary, GHCHS is offering enrollment appointments beginning November 1, 2017. Students should enroll early for maximum Academic Program choice. Appointments for students accepted through the Open Enrollment Lottery will be available after the Open Enrollment Lottery which is January 20, 2018.
