

WHY THE STUDENT VOTE MATTERS

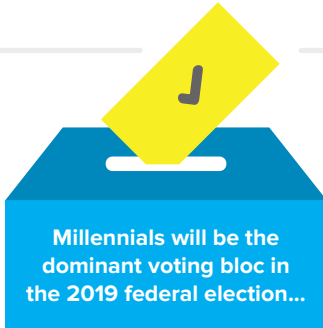

In the **2015** federal election, voter turnout among **18-25 year olds** increased by **12%**

FOR THE BIGGEST TURNOUT EVER!

Statistics Canada. Reasons for not voting in the federal election.

This shows that young people are **ENGAGED** in and **CARE** about politics.

Harper, Tim. Politicians beware, Canada's millennial voting army is at the gates.

...and roughly

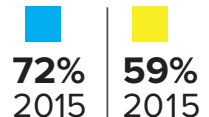

2 of those millennials are students.

Statistics Canada. Back to school... by the numbers

Post-secondary students are more likely to vote than other young Canadians.

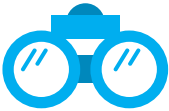

post-secondary students

non-students

Abacus Data. The Next Canada: Politics, political engagement, and priorities of Canada's next electoral powerhouse: young Canadians.

WHY THE STUDENT VOTE MATTERS

Students are looking for a party that will **make post-secondary education more affordable and create good jobs for young people.**

Abacus Data. Employment Transitions.

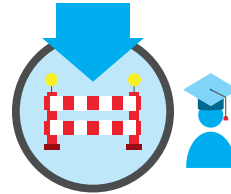

**To do this,
government can:**

Provide more support for students with high financial need especially graduate and Indigenous students

PROMOTE SAFER campuses

free from sexual violence and hold institutions accountable

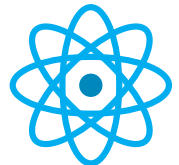

Keep our talented international students after graduation by reducing immigration barriers

Provide relevant, paid work opportunities to students from all fields of study

Invest in research funds that directly benefits students
