

Providing opportunities for non-critical failure

PROFESSOR NICOLA WHITTON
MANCHESTER METROPOLITAN UNIVERSITY
25 NOVEMBER 2016

Overview

Introductions

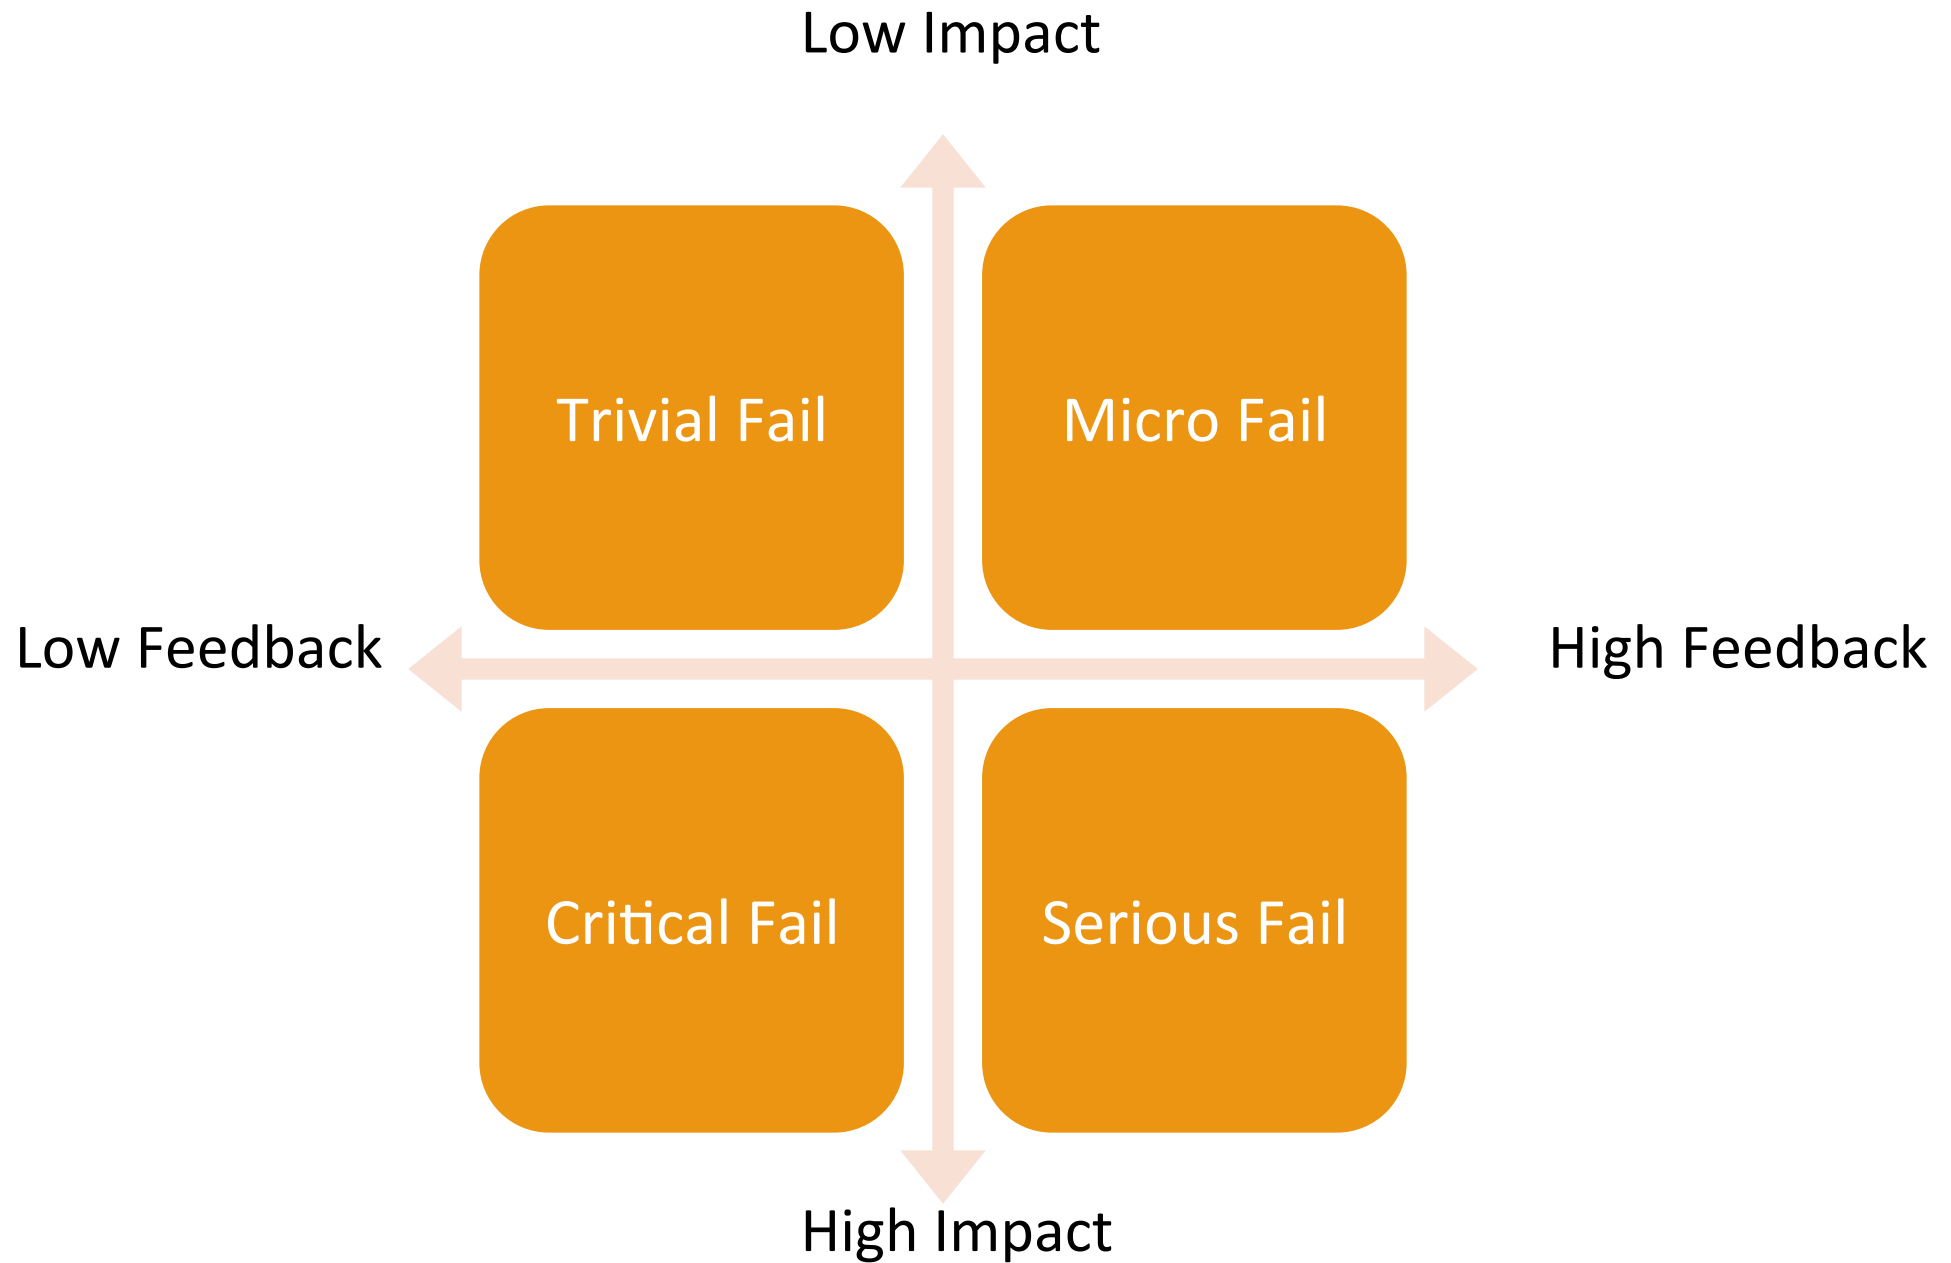

Presentation: Failure in learning

Activity: Designing opportunities to micro-fail

Feedback from activity

Discussion

Close and questions

Opportunities for non-critical failure

In small groups (3-4 people):

- Select a teaching context that is familiar to one or more people in the group
- What opportunities do your students have to fail?
- How can you create opportunities to micro-fail?
 - Increasing feedback/decreasing impact of existing failure opportunities
 - Creating new failure opportunities
 - Something else?
- What are the issues in doing this?

Prepare to present your thoughts and ideas back to the group.
