Subject: Approach to redistricting congressional districts

Message Body:

I am the founder of Project to End Partisan Gerrymandering. Earlier this month our organization mailed a proposal on a method for redistricting to 49 members of Congress - leaders in both parties, and members of committees with responsibility for federal elections in both houses of Congress. Our proposal requested that Congress take up the challenge to legislate "limited, precise, clear, manageable, and politically neutral" standards as stated in the 2019 Supreme Court decision in *Rucho et al. v. Common Cause et al.* The essence of our proposal which we think checks all those boxes may be found on our website: [endgerrymandering.us](http://endgerrymandering.us)

As California's 2020 Commission acts to fulfill its charter, we are hopeful it will consider what we have proposed.

Ed Fredenburg, founder  
Project to End Partisan Gerrymandering
