The California Citizens Redistricting Commission is soliciting input from individuals to guide them in drawing House of Representative, State Senate and State Assembly districts using 2020 Census data that will be arriving later this year.

For decades Napa County has been kept whole in each of those districts. The Board of Supervisors will be considering the attached resolutions on Tuesday March 16 for submission to the CRC. I am hoping that each of the municipalities and school districts will take similar resolutions to their respective Councils and governing boards for adoption and submission to the CRC before June 1, 2021.

Resolutions can be submitted to:

California Citizen Redistricting Commission
721 Capitol Mall Suite 260
Sacramento CA 95814

It would be helpful if each of you receiving this message would give like input to the CRC through their public input portal: Draw My CA Community

You can skip the tutorial because the site is pretty user friendly. Then create an account and take about 15 minutes to describe your community, draw your map (by clicking on Napa County on the CA map) and submit your thoughts.

Please also ask the members of your organization to do the same thing. In 2011 the CRC almost detached the City of American Canyon from Napa County because their zip code is attached to the City of Vallejo. Please mention in your submittal that the zip code affiliation should be ignored.

I will be posting a similar message on my social media sites this weekend,

Please let me know if there are any questions or comments,

John Tuteur
Registrar of Voters
