Dear Commissioners Fernandez and Le Mons,

RE: Joint Yolo and Solano Counties Congressional District

As a resident of Yolo County and member of the Yolo Interfaith Immigration Network, UCD Chicano Latino Alumni Association, Woodland Community College Chicana/o Studies Community Advisory Committee, and League of Women Voters, I am in support of the district map including Yolo and Solano Counties together. The reasons being:

1. There is a long history of the two counties working and collaborating together.
2. The two counties share secondary roads and I 80.
3. Many people live in one county and work in the other.
4. Davis and Winters has interaction across the river from each other.
5. The UCD campus lies partly in Yolo and Solano County.
6. Basic services are offered to the two counties as one entity.
7. The growing Latino communities in both counties can be best served as one.

The two counties are best represented and served if taken together.

Sincerely,

Ramon Urbano
Yolo County Resident
