Boundaries for Windsor Square and Greater Wilshire

Dear Fellow Citizens:

The Windsor Square Association (WSA), a nonprofit organization originally founded in 1925, represents approximately 1,100 households in central Los Angeles.

The Association and our residents, unfortunately for us, were SPLIT by the 2010 redistricting. We were not paying attention then. But we are now. We beseech you to Stop the Split that badly bifurcated our neighborhood as well as the larger, established community of interest of which Windsor Square is a part – the Greater Wilshire area.

The enclosed one-page “Stop the Split” summary and map explain how we got in this predicament – because of the adding of a new bureaucratic boundary for the LAPD in 2009. We ask you now: PLEASE get us out of this predicament . . . and establish a fair and logical boundary – such as at Western Avenue — that will Keep Greater Wilshire Together.

Because of the incorrect 2010 CRC line drawing, our Windsor Square, and Greater Wilshire, communities are now split down the middle, with SIX, instead of the logical THREE, representatives for the Assembly, State Senate and House of Representatives. The six districts splitting us (and their incumbents) are: AD 50 and AD 53 (Bloom; Santiago); SD 24 and SD 26 (Durazo; Allen); and HR 33 and HR 34 (Lieu; Gomez).

Please fix this! Thank you.

Sincerely yours,

John H. Welborne
Vice President for Planning and Land Use
Windsor Square Association
