RE: COMMUNITY OF INTEREST FOR SENIOR CONCERNS

Dear Commissioners,

On behalf of Senior Concerns, a private non-profit organization located in the City of Thousand Oaks, Ventura County, I would like to express comments for the current redistricting initiative.

Senior Concerns has provided and continues to provide high-quality, affordable support and services to the senior population throughout the Conejo Valley. We ask that you keep our current district intact, so that we may continue to provide the high-level support and programs to our senior constituents.

Over the past 40+ years, Senior Concerns has successfully developed and provided programs to meet the needs of the senior population in the Conejo Valley and surrounding area. Some of the programs that are provided include: In-Home Geriatric Assessments, Adult Day Program for seniors with cognitive impairment, Caregiver Support, Meals On Wheels, Senior Advocates, and Assisted Living Consultations, to name a few. In order to deliver these vital programs to our community, we have developed strategic relationships with local public entities, local private companies, and individual donors within our community. A small example of the relationships and local support we receive has come from the County of Ventura, the City of Thousand Oaks, the Goebel Senior Center, Amgen, and Haas Automation. All of the local supporters understand the need for our services and valuable support for the organization provides.

The interest of Senior Concerns is strongly in alignment with the goals and objectives of both Ventura County and the City of Thousand Oaks. We share the same common interests, economic and social levels, as well as many service providers. We do not feel we would receive the same level of support from Los Angeles or Santa Barbara counties.

Senior Concerns has benefited from the current district boundaries. We hope that these boundaries remain, as we would like to continue to support our community seniors at the same high level the next 10 years.

Thank you in advance for your consideration.

Veronica Amici
Board Chair
Senior Concerns
