“Covelo in Mendocino County should have their own Supervisor. We currently have 5 districts in the county. By population, Covlelo is included in District 3. Although we currently have an excellent Supervisor in Dist 3, Covelo is so far away that they don't feel represented on the Board of Supervisors. The needs of the population in Covelo are not being met. Honestly, it is like the wild west with gun fights and nearly no law enforcement at all. ”
