I am a concerned citizen. I watched the videos of the ideas for redistricting. I agree that Tracy belongs with the east bay cities, Mountain House, but also Stockton and Lathrop to be included in that group. Like minded businesses should be together. With that said, I believe Merced belongs to Fresno and Madera as like minded. As for Stanislaus county, I believe it should be Lodi Linden and Lockeford, these cities including Oakdale have a cohesion of like mindedness and should go together.

Please consider this in your decision making.

Thank you
