

From: Diego Pantoja  
Subject: Minority-Majority Districts

Message Body:

In the most diverse state in the country, it is long past due we recognize the plight and struggle of minorities in this country, with equitable representation in the US congress. I am asking this commission to please consider the following map ( <https://app.districtbuilder.org/projects/496b05f0-25e0-4496-96bd-43ea87895916> ) which maximizes the opportunities for Minority representation in the US congress with 42/52 of said districts being minority-majority.
