Subject: Why Camp Pendleton Should NOT be Included within the Same District as Laguna Niguel

Message Body:
Hi there,

I'm writing to you because I just learned that Camp Pendleton may be included in the same district as Laguna Niguel.

I think that would not be good choice since they have a very unique demographic that is quite distinct, different, and with its own needs compared to ours.

For one thing, most of those at the Camp are younger men and women whose focus and needs for representation and life are quite different from the average age of 50's in Laguna Niguel.

Our views and theirs on public funds spending, services we need, and political representation will be quite distinct and, I dare say, opposed at times.

So, I urge you to reconsider their inclusion in the same district as Laguna Niguel. They deserve their own representation and district. Given Oceanside is closer to their demographic, they may be better suited to be conjoined with Oceanside.

Thanks in advance for considering this.
