Dear Commissioners,

Thank you for sharing the LA County visualizations for the week of October 4th. I am writing to express my support for option 4 of the Walnut/Diamond Bar visualizations on slide 45:

The communities of Diamond Bar, Walnut Rowland Heights, Hacienda Heights, West Covina, and the City of Industry are a community of interest, and belong together in all legislative districts. We share schools, local services, places of worship, and recreational areas. I urge the commission to move forward with this option when considering new boundaries in our area.

Sincerely,

Iris Mann
