Subject: Response to Redistricting Proposal

Dear Chair Sadhwani,

My name is Jessica Klein. I have been lucky to live in San Francisco for nearly the last 18 years. I attended college here, have started small businesses here, and am now raising my children here in this beautiful city.

San Francisco is such a unique place even within the Bay Area - for its dense urban landscape and for its rich array of diversity. While I enjoy a lot of time in Marin with both my parents and my in laws, these two communities vary widely and deserve to be distinctly represented.

As a city struggling with gentrification, I fear the needs and representation of our communities of color and ethnic diversity will be further diluted if conjoined with a less diverse area like Marin.

As you continue this redistricting process, I want to thank you for reviewing districts within San Francisco which do not cross the Golden Gate Bridge.

Sincerely,
Jessica Klein
