Subject: CA Assembly redistricting input

To

Dear Commissioners,

I'm writing to express my support for visualization #4 of the Walnut/Diamond Bar Slide #45 that was released Oct. 2: https://d3n8a8pro7vhmx.cloudfront.net/ccrc/pages/343/attachments/original/1633227079/LA_County_Visualizations_1004.pdf?1633227079

Rowland Heights, Hacienda Heights, Walnut, Diamond Bar, West Covina, and the City of Industry include are all diverse communities with good schools that share local services, recreational areas and churches. These cities belong together and should be considered a Community of Interest for drawing district boundaries.

I strongly encourage the commission to move forward with this Community of Interest when considering new boundaries in our area.

Sincerely,
Annette Johnson
Rowland Heights
