Laguna Niguel should not be attached to Camp Pendleton in the redistricting effort. The demographics, common interests, and economies of Laguna Niguel and Camp Pendleton are altogether different. If Laguna Niguel is to be regrouped with any other area, it is more appropriate that we be in the same district as Laguna Woods. We share many common priorities with Laguna Woods, especially in the areas of health care and economics. Like Laguna Woods, Laguna Niguel has an aging population.

Thank you,
Tina Freeland
