Gina Oltman left feedback on [Contact](#)

“I am reading in the Modesto bee that some people want to take Tracy out of the 10th congressional district. Don't do it. It is just a manipulative move by republicans because they can't win with ideas and policies. I live in Hughson and I know that there is all sorts of diversity here. We are not just a bunch of conservative farmers living a rural lifestyle. Don't fall for the nonsense. Leave the boundaries alone!”
