Subject: Watts

To: <[votersfirstact@crc.ca.gov](mailto:votersfirstact@crc.ca.gov)>

My name is Oraiu Amoni and I my family has been in Watts since the early 80's. I was born at MLk Hospital located in the Willowbrook area. Please do not include Watts in any map that has South Gate, Huntington Park or any municipality east of the Alameda corridor. Yo can go south and include places like Willowbrook and Compton or west towards Inglewood.

Watts has not garnered any additional commercial infrastructure since the last LA riots. While South Gate and Huntington Park have grown their commercial infrastructure substantially. Some of Watts is not included in LA City so some residents only get representation through Board of Supervisors, Assembly, Senate, and Congressional seats. As you know these lines determine the economic vitality for our communities. Please consider the historical challenges the Watts community has faced - folks on the other side of the Alameda corridor have perpetuated some of those challenges.

My name is Oraiu Amoni and in full disclosure I am a registered lobbyist for the California Nurses Association.

Thank you
