Hello CA Redistricting Commission,

My name is Nataly Morales a California and CD 35 resident from Fontana. I am distraught by the new lines being made in CD 35 area.

The maps disenfranchise minority communities, and would white wash it and make it a moderate district, even though the Latinx community specifically has grown since the last census. As a Latina woman growing up in the CA 35 area I urge you not to make the new lines.

Best regards,

Nataly Morales
