YOU DEFINE YOUR COMMUNITIES

Every ten years, after the U.S. Census, California must redraw the boundaries of its Congressional, State Senate, State Assembly, and State Board of Equalization districts to reflect the new population data. The Voters FIRST Act gave this power to California citizens, ensuring that new and fair districts are drawn free of special interests, politics, or political influence.

The California Citizens Redistricting Commission will hold public meetings and accept public comment. This is your chance to become a part of creating fair and transparent district boundaries that serve the best interests of the people of California. In 2021, the Commission will work to develop and approve the district maps before the final maps are certified to the California Secretary of State.

We urge you to visit our website and social media channels regularly for updates.
