California Basic Redistricting

Sunday, June 13, 2021 1:30-3:30pm
RSVP at fairmap.works/CAbasic0621

What is redistricting? We do not have gerrymandering, do we? 2021 is a redistricting year and we need to add our voices to the processes. Join us and find out how.

California Citizens Redistricting Commissioner Pedro Toledo (wedrawthelinesca.org) will present Basic Redistricting and answer questions about the Commission and its work on redistricting Congress, State legislative and Board of Equalization maps.

It will be followed by local redistricting basics focusing on Alameda County.

Everyone interested in inclusive and equitable redistricting is welcome!
