Subject: Latinos on California's Redistricting Commission
Date: Friday, July 10, 2020 7:55:09 AM

Hello,

I urge the commission and this office to facilitate the remaining recruitment of this commission so that Latinos are represented. California's redistricting commission should have at least 60% of its members be Latinos who care about issues facing this population.

How will your office facilitate the recruitment process to ensure appropriate ethnic diversity?

Thank you,
Leticia Ortiz
