

Dear Father,

Would you like to get more young families involved in your parish?

"What can CFM do for my parish?"

CFM provides what young families are looking for:

- Like-minded community
- An intentional and consistent way to share life
- A way to achieve their family's goals
- Communion, not just communication
- An avenue to share their gifts and talents
- Family-to-Family peer ministry
- A support network with people who love them and want to live out the Gospel with them
- A platform to discuss important topics

What can CFM do for you?

- Pastors/chaplains get a chance to experience the reality of family life.
- CFM members activate your parish.
- CFM forms parishes into a family of families.

Introduce CFM to your parish and watch it flourish!

"It is necessary to rediscover the plan drawn by God for the family, to reaffirm its greatness and irreplaceability in the service of life and society."

- Pope Francis

The Christian Family Movement (CFM) works collaboratively with the ordained and those in ministry, to sanctify our communities - from nuclear families to Church families to the human family.

Founded on the Observe-Judge-Act Method, CFM creates community, strengthens families, forms homemade disciples and teaches social responsibility. Parishes are empowered to unleash all the gifts found in the mystical body of Christ.

CFM is training for lay leadership. It usually starts with the families who are at the core of the parish because these are likely to be the people capable of getting it rolling. As CFM expands in a parish, the number of core families increases. Experience teaches us that these very people show tremendous growth in their spiritual life as a result of their participation in CFM.

Put us in touch with one couple and we'll get them started!
