

My name is _____ and my zip code is (use real zip code in district), I am calling Supervisor (your Supervisors name) regarding Tuesday, Feb. 7 Agenda Item #31.

The County should require oil and gas operators to provide maps and design plans for gathering pipelines to ensure a full and complete environmental impact assessment is possible when reviewing, modifying or renewing a land use permit.

Our environment is very important to me, and I want Supervisor (name) to make protecting it a priority in the County.

Thank you very much.

After you make the call please –

Share with your neighbors the information and why you called.

And send an email to CFROG Executive Director, Kimberly Rivers to log the call: ed@cfrog.org
