**Better Child Care**

## Stop the Cuts to Child Care

Visit [childcareontario.org](http://childcareontario.org) to send a message to your MPP, Education Minister Lisa Thompson and Premier Ford with just *one click*.

The Ontario government is making deep cuts to child care funding - over \$80 million has already been slashed and more costs have been downloaded to cities.

Communities are estimating that this will lead to the loss of thousands of fee subsidies that help low- and modest-income families afford child care. Local child care programs will be put at risk of closure.

We want to stop these cuts, and ***you can help***.
