ending poverty

ANNUAL REPORT 2013
together we are ending poverty
Dear Friends,

Feeling gratitude and not expressing it is like wrapping a present and not giving it. Let me begin by expressing my most heartfelt appreciation for concluding 2013 with unprecedented success. We owe this to you and your belief that together WE end poverty. Thank you for your confidence in CHOICE. This report will not only highlight our programs, but will excite you to stay in the fight against poverty.

Our 2013 annual report highlights the power within each of us to change our circumstances when given access to that one opportunity. We show how access to clean water, medical services, or education can serve as a catalyst to eliminate extreme poverty. This frees up time that can be used for income-generating opportunities that will help villagers pave their way toward a life of self-reliance. Our learn-by-doing model, coupled with their hard work, ensures they are not being robbed of the experience to create a better life for themselves.

Today we are reporting back to you on our progress over the past few years. On the fourth page you will learn about our ambitious effort to scale the CHOICE Leadership Model reaching 100,000 Nepali at once. The Nepal LIFE program is coordinated through the efforts of Dr. James Mayfield, with the approval of Nepal President Ram Baran Yadav, and support from the Nepali government.

At CHOICE Humanitarian we hold ourselves accountable to you, our donors. Every dollar that enters our door is precious to us. In return, we ask our in-country teams to multiply each dollar two to five times through strategic partnerships with like-minded individuals and institutions.

We are extremely grateful and proud of all that we have accomplished together. Your friendship and support has made this possible. I invite you to stay in partnership with CHOICE because NOW is the time. Tomorrow we will think of extreme poverty as an absurd thing of the past, but TODAY we must stay the course, and fight for those living on less than $1.25 a day.

I am proud of our work. If you ever have questions or thoughts about how we conduct our business, please let me know so that I can give you my personal attention.

Warm Regards,

Leah Barker
CEO
In 2012, In-Country Director Bishnu Adhikari’s lifelong dream became reality as Nepal LIFE (Local Initiative For Ending Poverty) evolved from an idea to a boots-on-the-ground effort. The Nepal LIFE model was introduced to Nepali leadership and the goal of a Nepal without poverty was defined. This past year CHOICE collected and began analyzing baseline data from 13,000 households.

Nepal LIFE is setting the standard for ending poverty worldwide. Dozens of Nepali entrepreneurs have received basic business training, while local schools and health centers have been constructed allowing villagers to remain in their communities to take care of their families. This frees up precious time to plan and develop income-generating projects.

All eyes are on CHOICE as we gather data, establish best practices, and scale up the program with the support of the Nepal government and President Ram Baran Yadav.

Core Partners: Peterson Family Foundation, Gopal and Samari Adhikary, Kenco, LDS Charities, Smiles for Life Foundation, Kids On Computers, Medical Mercy Canada, All Nepal LIFE Campaign Partners & Donors

Business training creates excitement as women begin to expand their small businesses and see a life beyond poverty.

Imagine that life-changing moment when a student first sees beyond his rural village and into the global community via the Internet!

In 2011, in partnership with One Global Economy and multiple villages outside Irapuato, CHOICE created three Community Knowledge Centers. These internet cafés were established to bridge the communication gap between rural village youth and the world.

This year, Jose Antonio Mondragón (18) and Raul Mondragón Yepez (23) started a Facebook page promoting ecotourism. Their on-line presence garnered visibility and support that led a federal government agency to finance a local reforestation and conservation program. Three additional businesses benefiting more than 2,000 people are also up and running: a tortilleria, a chicken farm cooperative, and an ecotourism business. Youth-focused training in entrepreneurship and business development continues as part of this program.

Core Partners: VCBO, Christopherson Business Travel, One Global Economy, Gipson Family Foundation, Williamsburg Academy, Wellspring Realty, Interpersonal English School

Imagine that life-changing moment when a student first sees beyond his rural village and into the global community via the Internet!
with access to healthcare, new mothers now welcome healthy babies into their arms in the rural village of Chimaxyat.

The Nueva Concepción Hospital, four years in the making, is a pioneer facility in the Polochic Valley that has radically changed the lives of the 25,000 villagers who have lived without healthcare. The facility is run by a local association comprised of elected village officers from the 13 villages that drove this project to completion.

Since the hospital opened, there has been an incredible 69% reduction in maternal mortality rates and 66% reduction in infant mortality rates.

Thanks to the significant contributions of CHOICE, our partners, and the surrounding community members, the Guatemalan government has committed two full-time medical doctors to the five-bed hospital, where they treat 30 to 50 patients daily!

Core Partners: Spectrum Health Care, Singular Humanitarian experience (SHe), Rabanales Family Foundation, Wheeler Machinery, Caterpillar Foundation, DownEast Home & Clothing, World Link Partners, Focus Services

Women play a pivotal role in the process of ending poverty. Creating opportunities for gender equity continues to be a central focus for CHOICE. Once a rural village has met its basic needs, women have time to consider ways to create income. Last year, using the CHOICE Leadership Model, 70 Aymara women created a business plan and formed a new dairy cooperative.

Today, the cooperative makes a variety of cheese, yogurt, and milk. The income the Aymara women earn from the cooperative helps send their children to school. With the ability to earn an income and contribute to the support of their households, women are helping to pull their families out of poverty while also gaining traction in their communities as respected and influential leaders.

Core Partners: Leavitt Insurance Group, Inter-American Foundation, Andes Fertiles, Wheeler Machinery, Deseret Health Group

Women from different cultures celebrate their differences and become ONE in purpose as they lock arms to end poverty.

KENYA

A 32-year journey working alongside rural villagers has taught us that investing in people will ultimately end poverty. Nothing illustrates this better than the Community-Based Organizations (CBOs) established in Kenya. Government registered CBOs are similar to village councils and are the platform to build leadership skills of elected villagers. Membership improves an individual’s status and credibility in the community, while also establishing eligibility for grant funding.

With the community of Mbele, the Proctor family, led by their 16-year old daughter’s passion to change the world, pulled off the impossible: a new village well with clean water almost flooding Mbele to the tune of 10,000 liters an hour! The possibilities are endless with the amount of water Mbele and surrounding communities now have access to in their region. The CBOs have successfully organized, mobilized, and executed on a project that will continue to lead them on a path to self-reliance.

expeditions

The CHOICE Expedition program is a unique way for volunteers to become intimately involved with our organization, and witness firsthand the impact we have in Bolivia, Guatemala, Kenya, Mexico, and Nepal. In 2013, we welcomed more than 400 participants into rural communities around the world, including 200 volunteers from Vivint (our largest corporate expedition group to date)! Villagers are excited to receive these volunteers and are motivated by the willingness of others to travel such great distances to work alongside them in support of their goals. Through this experience, volunteers come to realize that the work of CHOICE builds people, not just projects. This program continues to grow with new participants, families, and corporations signed up for 2014! To learn more, please contact Wade Alexander, Director of Expeditions at walexander@choicehumanitarian.org or 801-474-1937.

“Serving people with real needs and working side-by-side with them to meet those needs reinforces a sense of purpose in my life. I will always remember those I worked with and their gratitude and happiness in spite of their difficult circumstances. Remembering these friends helps me stay grateful and strengthens my desire to be more generous with those who struggle meeting day-to-day necessities.”

CHOICE VENTURES LLC

CHOICE Ventures is aligned closely with CHOICE Humanitarian to fulfill the vision of ending poverty responsibly and building self-reliant communities.

CHOICE Ventures evaluates programs and establishes criteria for impact and funding. **It invests in for-profit businesses that will produce a positive economic impact on the local community, generate additional investment capital, and in the long term will provide program funds for CHOICE Humanitarian.**

An example of a program currently under review: Aquaponics is the process of taking the nutrient-rich water from fishponds and running it through hydroponic vegetable gardens where the root systems filter the water and circulate clean water back to the fishponds.

We are vetting this technology in Mexico and Kenya for efficiency and sustainability, which will translate directly into dollars and time saved for rural villagers.

> Living in extreme poverty, the daily need to survive demands every minute of a rural villager’s life. Once basic needs are met, time is freed up to think beyond a life of survival to new opportunities for income-generating projects and increased self-reliance. CHOICE Ventures provides financial support to new programs that will increase self-reliance in rural villages.

some business decisions change the world

The Corporate Partner Program is designed to unite employees through meaningful giving and service. Our partners choose both a focus area and a fundraising goal that engage employee participation and enhance company culture. Employees are invited to participate in payroll deduction, humanitarian incentive trips, fundraising initiatives, and other team building activities throughout the year.

Over the past year, more than 1,300 employees across the United States and Canada participated in this rewarding CHOICE program. Over 300 employees engaged in collaborative expeditions, working together on water projects, schoolhouse construction, and other village-driven initiatives. These experiences continue to strengthen companies, build relationships, and improve employee morale and retention, well after the expedition has ended.

To learn more about how this program can benefit your company, please contact Rebekah Sosa, Director of Corporate Impact at rsosa@choicehumanitarian.org or 801-474-1937.

When a CEO works shoulder-to-shoulder with employees and local villagers, a deep level of mutual respect is fostered.

together ending poverty philanthropy at its best

DownEast Home & Clothing

“DownEast Home & Clothing has long enjoyed our association with CHOICE. We consider our primary mission to provide meaningful employment to our extended DownEast family and service to the community that has genuine value. CHOICE has provided a venue where we can extend the reach of our local community and make a contribution to humanity. It is a blessing that any of our 900 employees can contribute even a small amount of money, yet collectively, together, we become a powerful means to impact communities in Guatemala. Basic utilities and services we consider essential for existence are now a reality to many people who, without the outreach of CHOICE and a family of our employees, would never know otherwise. It gives us great satisfaction to be a part of a cause that enriches the lives of so many people. We look forward to continuing our partnership with CHOICE and extending our reach to new projects and people who so desperately need our assistance.”

- Bill Freedman, Co-Founder & Owner, DownEast Home & Clothing

CHOICE celebrates DownEast Home & Clothing for exceptional corporate humanitarian service.

“The villagers were frankly baffled as to why we would come to help them when we had so much and they had so little. They almost found it peculiar that we found their village so rich in happiness. They are so abundant in so many ways we aren’t, and they have simplicity in life that we have somehow complicated. Family relationships mean everything to them and they have a sense of community that runs deep and involves everyone. These were amazing things to witness in this village.”

- Krista Sorenson
Guatemala Expedition Volunteer

- corporate partner: since 2009
- focus: women empowerment in Guatemala
- sponsor: annual employee expedition to Guatemala
relationships
Funding poverty is a massive effort. To accomplish our goals, CHOICE creates strategic partnerships in order to leverage each dollar raised. Below we highlight three partners that enhance our ability to multiply each dollar two to five times!

**FUND AID FOR VIETNAM**
CHOICE appreciates our longstanding relationship with T. Linh, founder of Fund Aid for Vietnam, which operates in partnership with CHOICE according to donors’ requests and/or as help is needed. Over the past ten years, with support from generous donors, Fund Aid for Vietnam has built a Vocational Training Center in the city of Hue. Moving forward, they will provide daily milk for children at the Duc Son orphanage. **Fund Aid for Vietnam has distributed thousands of school supply packages, bikes, and scholarships in the remote areas of South Vietnam.** In addition, they have organized small loan projects for women and built new kindergarten/childcare centers in remote villages. CHOICE applauds the continued impact of Fund Aid for Vietnam.

**FIRST HOPE**
For nearly a decade, CHOICE has supported the work of Cecile Pelous, founder and advocate of First Hope, an organization created in the 1990s to support fundraising efforts for the orphanage Cecile established in Nepal. **Cecile’s efforts have helped hundreds of Nepali orphans rise above their circumstances to become outstanding young men and women.** For the past 20 years, Cecile has rescued children from a future of illness, starvation, and slavery. CHOICE joins Cecile in her devotion and commitment to prepare these children to be self-reliant, independent, and contributing citizens of Nepal.

**YEHU MICROFINANCE**
Born out of CHOICE programs in 1999, Yehu Microfinance is one of the few programs in the world that works in rural areas where banking institutions are not accessible to the people they could most benefit. **Yehu membership includes more than 37,000 Kenyans with women representing 85% of total members.** Yehu’s growth is notable: **the first loans awarded were for $50, and recently two $12,000 loans were awarded!** Thanks to this program, more than 16,000 members have received micro-loans and families have been able to start or expand small businesses to significantly increase their income. To date, Yehu has awarded $16,000,000 in micro-loans with a 95% repayment rate.

Willy Mendoza, Bolivia

Willy has been the CHOICE Director in Bolivia since 1999. He is a dentist by trade and is a master at developing local village leaders to their potential. He works tirelessly with local governments and municipalities in encouraging collaboration and leveraging village, government, and other organizational resources to maximize every donor dollar. Willy and his wife, Maxi, have three children: Ruth, Emily, and Lindsey.

Juan Alducin, Mexico

Juan joined CHOICE in 1995. He was born in Mexico City and has postgraduate degrees in Agriculture and Livestock Industry, Investment, and Project Management. He has introduced a very successful livestock income-generating project to the villages and has developed significant partnerships with multiple organizations. Juan and his wife, Ana, have four daughters: Maria, Alejandra, Laura, and Aranza.

Dr. Rita Lugogo, Kenya

Born in Italy and educated in the United States, Rita earned a B.S. degree in Biology, and later earned a PhD from Virginia Tech in Human Nutrition and Foods. After marrying a Kenyan, she raised her family in Mombasa. As the CHOICE Director in Kenya since 1993, Rita has become very influential and sits on a number of development boards within the Coastal Province of Kenya. She has three children: Njira, Mwana, and Bebago, and several grandchildren.

Bishnu Adhikari, Nepal

Bishnu has been the voice of CHOICE since the beginning of operations in Nepal in 1999. He grew up in a rural village in Nepal and has since received two Master’s Degrees in Civil Engineering and Environmental Policy. Bishnu is the developer of Nepal LIFE (Local Initiative For Ending Poverty) which focuses on local resource mobilization in developing entrepreneurship in rural communities. Bishnu and his wife, Mangala, have three children: Smina, Rebecca, and Jeev.

Jorge Chen Alfaro, Guatemala

Jorge was named Director of CHOICE Guatemala in 2008. He is Q’eqchi’ (of Mayan descent) and was born in Cobán, very near to the area where CHOICE villages are located. Jorge is an attorney by trade. Together, with his wife Martha, they are advancing the CHOICE model in Guatemala. They have four children: Josue, Eliza, Jorge, and Juan Fernando.

CHOICE has made every effort to include all donors. If we have misspelled or omitted a name, please accept our sincere apologies and contact our office.
together ending poverty

CHOICE Humanitarian believes in the value and dignity of all human beings.

CHOICE is a non-profit organization with more than 30 years experience working to end poverty in Bolivia, Guatemala, Kenya, Mexico, and Nepal. We partner with rural communities where villagers live on less than $1.25 a day. The CHOICE Leadership Model of village development empowers rural communities to create their own vision out of poverty. Our model is an integrated approach to ending poverty focusing on five core areas: education, health, environment, culture, and economic development. This strategy supports our unique opportunity to strengthen local leadership.

Working side-by-side, together we end poverty.
