Section 1. Creation of the Lien and Personal Obligation

of Assessments. The Declarant, for each Lot owned within the Properties, hereby covenants, and Owner of any lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association:

- (a) annual assessments or charges, and
- (b) special assessments for capital improvements, such assessments to be established and collected as hereafter provided.

The regular and special assessments, together with interest, penalty, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, penalty, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment became due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments.

The assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety, and welfare of the Members of the Association and, in particular, for the improvement and maintenance of the Property, services and facilities devoted to this purpose, or to the payment to or reimbursement of other affected parties or governmental entities for the improvement and maintenance thereof, and related to the use and enjoyment of the Common Areas.

Section 3. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall be One Hundred Eighty Nine and No/100 Dollars (\$189.00) per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than five (5%) percent above the maximum assessment for the previous year without a vote of the membership.

(b) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above five (5%) percent by a vote of two-thirds (2/3) of each class of members who are voting in person or by proxy, at a meeting duly called for this purpose.

(c) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.

Section 4. Special Assessments for Capital Improvements.

In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 5. Rate of Assessment. All Lots in University Green, Section Three shall commence to bear their applicable assessments simultaneously and Lots owned by the Declarant are not exempt from assessment. Lots which are occupied by residents shall be subject to an annual assessment determined by the Board of Directors. Unoccupied Lots which are owned by Declarant shall be assessed at the rate of one-half (1/2) of the annual assessment during the development period of University Green, Section Three, and any

succeeding University Green sections duly annexed by the Association; however, said assessment shall be made only in the event and then only to the extent that assessments from occupied Lots are not sufficient to meet the operating budget of the Association. The rate of assessment for an individual Lot, within a calendar year, can change as the character of ownership and the status of occupancy change. On the sale of any Lot, the applicable assessment for such a Lot shall be prorated according to the rate required of each type of ownership.

Section 6. Date of Commencement of Annual Assessments.

The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of the Common Area. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid.

Section 7. Effect of Nonpayment of Assessments: Remedies of the Association.

Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of ten (10) percent per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 8. Subordination of the Lien to Mortgages.

The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in

lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability of any assessments thereafter become due or from the lien thereof.

Section 9. Exempt Properties. All properties dedicated to and accepted by a local public authority, all Drill Site Reserves, all Drill Site Easements, and all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the State of Texas shall be exempt from the assessments created herein. However, no land or improvements devoted to dwelling use shall be exempt from said assessments.

per square foot, subject to adjustment as provided for in the referenced instrument, to be paid to the Clear Lake City Community Association, Inc., annually on the date as set by the Clear Lake City Community Association Board of Trustees, except that when a builder conveys a Lot with a residence house, the purchaser or owner shall pay that fractional part of the annual community service charge, the numerator of which shall be the number of months between the calendar month next following said conveyance and the month in which the community services charge is due, and the denominator of which shall be twelve (12). This charge and assessment against each Lot shall constitute and be secured by a lien thereon as provided for in the instrument aforesaid.

The Community Services Fund shall be administered by said Clear Lake Community Association, Inc., in accordance with provisions of said instrument, and in the event of any conflict between any portion of this Article and any portion of said instrument, the latter shall govern and control.

ARTICLE VI

For this purpose, the Declarant hereby reserves and retains the right of architectural control to itself or its assignee as hereinafter provided. The Declarant shall initially appoint an Architectural Control Committee, consisting of not less than three (3) members, who need not be members of the Association, and who by majority vote may designate a representative to act for them. Any vacancy shall be filled by a successor appointed by the remaining member or members; until such successor(s) shall have been so appointed,

the remaining member or members shall have full authority to approve or disapprove plans, specifications, and plot plans submitted or to designate a representative with like authority.

All plans and specifications shall be submitted in writing over the signature of the Owner of the property or its authorized agent. The Architectural Control Committee shall have the right to require any Owner to remove or alter any structure which has not received approval or is built other than per the approved plans. The requirement of this Article is in addition to any approvals or permits required by any appropriate governmental entity. Approval of plans as complying with the applicable Minimum Construction Standards adopted and promulgated from time to time for this subdivision by Declarant or its assigns, shall be only for such purposes and shall not indicate Declarant's approval for any other purpose.

Section 2. No Liability. Neither Declarant, the Association, Board of Directors, or the Architectural Control Committee or the members thereof shall be liable in damages to anyone submitting plans or specifications to them for approval, or to any Owner of property affected by these restrictions by reason of mistake in judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications. Every person who submits plans or specifications to the Architectural Control Committee for approval agrees, by submission of such plans and specifications and every Owner agrees that he will not bring any action or suit against Declarant, the Association, Board of Directors, the Architectural Control Committee, or any of the members thereof to recover any such damage.

Section 3. Notice of Noncompliance or Noncompletion. Notwithstanding anything to the contrary contained herein, after the expiration of one (1) year from the date of issuance of a building permit by municipal or other governmental authority for any improvement, said improvement shall, in favor of purchasers and encumbrances in good faith and for value, be deemed to be in compliance with all provisions of this Article VI, unless actual notice of such noncompliance or noncompletion, executed by the Architectural Control Committee, shall appear of record in the office of the County Clerk and Recorder of Harris County, Texas, or unless legal proceedings shall have been instituted to enforce compliance or completion.

Section 4. Rules and Regulations. The Architectural Control Committee may from time to time, in its sole discretion, adopt, amend and repeal rules and regulations interpreting and implementing the provisions hereof.

Section 5. Variances. Where circumstances, such as topography, location of property lines, location of trees, or other matters require, the Architectural Control Committee, by the vote or written consent of a majority of the members thereof, may allow reasonable variances as to any of the covenants, conditions or restrictions contained in this Declaration under the jurisdiction

of such committee pursuant to this Article VI, on such terms and conditions as it shall require; provided, however, that all such variances shall be in keeping with the general plan for the improvement and development of the Property.

MAINTENANCE AND REPAIRS

Section 1. By the Owners. It shall be the duty, responsibility and obligation of each Owner at his own cost and expense to care for, maintain and repair the exterior and interior of his residence house and improvements on his Lot and the fixtures, appliances, equipment and other appurtenances thereto and also including the private driveway appurtenant to his residence house, sidewalks, and fences which are appurtenant to his residence house and situated on his Lot. The Association shall have no duty or obligation to any Owner in this regard.

Section 2. By the Association. The Association, as a common expense of all Owners, shall perpetually care for, maintain and keep in good repair the Common Area and all parts thereof, including but not limited to, the private streets, landscaping lawns, parking areas in the private streets and improvements and facilities owned by the Association, except that it shall be the obligation of each Owner, and not the obligation of the Association, to pay for the cost of repair and maintenance of private driveway, sidewalk, and fence or fences which are appurtenant to his residence house.

ARTICLE XI

RESTRICTIONS OF USE

Section 1. Single Family Residential Construction.

No building shall be erected, altered or permitted to remain on any single Lot other than one detached single-family residential dwelling

not to exceed two (2) stories in height, and a private garage for not more than three (3) cars and bona fide servants' quarters, which structure shall not exceed the main dwelling in height or number of stories. No such residence shall be constructed on less than the equivalent of one full Lot as defined on the recorded subdivision plat or any recorded replat thereof approved by Declarant.

Section 2. Commercial Use. No part of the Property shall ever be used or caused to be used or allowed or authorized in any way, directly or indirectly, for any business, commercial, manufacturing, mercantile, storing, vending, or other such non-residential purposes, except Declarant, its successors or assigns, may use the Property for a model home site, and display and sales office during the construction and sales period.

Section 3. Minimum Square Footage. The living area of the main residential structure shall not be less than 1,200 square feet for a one-story dwelling nor less than 1,500 square feet for a two-story structure. Two-story dwellings shall contain a minimum of 800 square feet on the ground floor. No more than one dwelling shall be built on any one Lot or building site.

The Architectural Control Committee or its assignee, at its sole discretion, is hereby permitted to approve deviations in the building area and location in instances where, in their judgment, such deviation will result in a more common beneficial use.

Section 4. Location of Improvements upon the Lot. No building shall be located on any Lot nearer to the front line or nearer to the street sideline than the minimum building setback line shown on the recorded plat. Each residence house shall be designed and constructed in such a manner as to incorporate a privacy wall of masonry or wood without windows, doors or openings, the exterior surface of which shall be located adjacent and abutting a side Lot line. There shall be a building setback of ten (10') feet between the abutting side Lot line and the residence house on the adjoining Lot. The residence house shall be constructed a

minimum of ten (10') feet from the rear Lot line, excluding patios, patio covers, trellises and like improvements. During original construction, the Architectural Control Committee, or its assignee, at its sole discretion, is hereby permitted to approve deviations in the location of improvements upon the Lot, subject to setbacks shown on the recorded plat and previous recorded instruments.

Section 5. Signs, Advertisements, Billboards. No sign, advertisement, billboard or advertising structure of any kind shall be displayed to the public view on any portion of the properties or any Lot except one sign for each building site, of not more than twenty-four (24) inches by thirty-four (34) inches for the purpose of advertising the property for sale or rent; provided, however, that Declarant, its agents and assigns, may erect and maintain such signs and other advertising devices or structures as it may deem necessary or proper in connection with the conduct of its operations for the development, improvement, subdivision, and sale of said Property. Declarant shall have the right to remove any such sign, advertisement or billboard or structure which is placed on said Lots in violation of this Section and in so doing shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal.

Section 6. Prohibition of Certain Activities. No noxious or offensive trade or activity shall be conducted, whether for profit or not, on any Lot which is not related to single-family residence purposes. Sales operations may take place on those Lots which may be designated by Declarant to be used for Sales Offices or Model Homes for a maximum period of seven (7) years from the date hereof. No activity, which may become an annoyance or nuisance to the neighborhood, or which shall in any way interfere with the quiet enjoyment of each of the Owners of his respective dwelling unit, or which shall in any way increase the rate of insurance, or which will degrade

property values, or distract from the aesthetic beauty of the subdivision, shall be conducted.

Section 7. Temporary Structures and Outbuildings. No structure of a temporary character, recreational vehicle, trailer, basement, tent, shack, garage, barn, playhouse, or other outbuilding shall be constructed, erected, altered, placed or permitted to remain on any lot at any time as a residence or other use, either temporarily or permanently except such buildings or structures as may be hereafter permitted. Temporary structures may be used as building offices, sales offices and for other related purposes during the construction period.

Section 8. Animal Husbandry. Dogs, cats, or usual and ordinary household pets may be kept in any dwelling unit upon a lot, (not to exceed a total of two (2) pets, provided they are not kept, bred, or maintained for any commercial purpose). Notwithstanding the foregoing, no animals or fowl may be kept on the property which results in an annoyance or are obnoxious to residents in the vicinity.

Section 9. Storage of Automobiles, Boats, Trailers, Other Vehicles and Equipment. No trailer, camper, recreational vehicle, motorcycle, Inoperative vehicle, boat, truck larger than a three-quarter (3/4) ton pickup, or similar equipment shall be parked or stored permanently or semi-permanently on any public street, right-of-way or on driveways. Permanent or semi-permanent storage of such vehicles or items must be screened from public view whether within the garage or behind a solid fence. The Board of Directors of the Association may adopt rules for the regulation of the admission and parking of vehicles within the Common Area, including the assessment of charges to Owners who violate, or whose invitees violate, such rules.

Section 10. Walls, Fences and Hedges. No wall, fence, planter or hedge in excess of three (3) feet high shall be erected or maintained nearer to the front lot line than the front building setback line. No rear fence, wall or hedge and no side fence, wall or hedge shall be more than eight (8) feet high, and each must be approved by the Architectural Control Committee prior to construction. All rear lot fences shall be placed within twelve (12) inches of the

rear property line. The Architectural Control Committee, or its assignee at its sole discretion is hereby permitted to grant deviations in height, location and construction materials related to fences and walls which in their judgment will result in a more beneficial use. Any wall, fence or hedge erected as protective screening on a Lot by Declarant shall pass ownership with title to the property and it shall be the Owner's responsibility to thereafter maintain said protective screening.

Section 11. Visual Obstructions at the Intersections of Public Streets. No object or thing which obstructs sight lines at elevations between two (2) and six (6) feet above the roadways within the triangular area formed by the junction of street curb lines and a line connecting them at points twenty-five (25) feet from the junction of the street curb lines (or extensions thereof) shall be placed, planted or permitted to remain on any corner Lots.

Section 12. Visual Screening on Lots. The drying of clothes in public view is prohibited, and the Owners or occupants of any Lots at the intersections of streets or adjacent to parks, playgrounds, greenbelts, or other facilities where the rear or side yard or portion of the Lot is visible to the public shall construct and maintain a drying yard or other suitable enclosure to screen drying clothes from public view. Similarly, all yard equipment, woodpiles or storage piles shall be kept screened by a service yard or other similar facility as herein otherwise provided, as to conceal them from view of neighboring Lots, Common Areas and public areas.

Section 13. Lot Maintenance. All Lots shall be kept at all times in a sanitary, healthful and attractive condition, and the Owner or occupants of all Lots shall keep all weeds and grass thereon cut and shall in no event use any Lot for storage of material and equipment except for normal residential requirements or incident to construction of improvements thereof as herein permitted, or permit the accumulation of garbage, trash or rubbish of any kind thereon, and shall not burn any garbage,

trash or rubbish except by use of an incinerator approved by Declarant, and then only during such condition as permitted by law. In the event of default on the part of the Owner or occupant of any Lot in observing the above requirements, or any of them, such default continuing after ten (10) days' written notice thereof, Declarant, or its assignee, may without liability to the Owner or occupant, in trespass or otherwise, enter upon said Lot, cut, or cause to be removed, such garbage, trash and rubbish or do any other thing necessary to secure compliance with these restrictions, so as to place said Lot in a neat, attractive, healthful and sanitary condition, and may charge the Owner or occupant of such Lot for the cost of such work. The Owner or occupant, as the case may be, agrees by the purchase or occupation of the property to pay such statement immediately upon receipt thereof. To secure the payment of such charges in the event of nonpayment by the Owner, a vendor's lien is herein and hereby retained against the above-described property in favor of Declarant or its assignee but inferior to purchase money lien or mortgage. Such vendor's lien shall be applicable and effective whether mentioned specifically in each deed or conveyance by Declarant or not.

Section 14. Antennas. No electronic antenna or device of any type other than an antenna for receiving normal television signals shall be erected, constructed, placed or permitted to remain on any Lots, houses or buildings constructed in this subdivision. Television antennas may be attached to the house; however, the antenna's location shall be restricted to the rear of the house or to the rear of the roof ridge line, gable or center line of the principal dwelling so as to be hidden from sight when viewed from the fronting street. No antennas shall be erected as a free-standing structure.

Section 15. Removal of Dirt and Trees. The digging of dirt or the removal of any dirt from any Lot is expressly prohibited except as necessary in conjunction with the landscaping of or construction on such Lot. No trees shall be cut except to provide room for construction of improvements or to remove dead or unsightly trees.

Section 16. Roofing Material. The roof of any building shall be constructed or covered with (1) Number One Perfection wood shingles, (2) asphalt or composition type shingles having a minimum weight classification of 340 pounds per square, comparable in color to weathered wood shingles and comparable in surface textural appearance to wood shingles; the decision of such comparison rests with the Architectural Control Committee, or (3) crush marble, slag or pea gravel set in a built up type roof on roof surfaces not visible from the fronting street. Any other type roofing materials, weight or colors shall be permitted only at the sole discretion of the Architectural Control Committee upon written request.

Section 17. Lot Drainage. All drainage of water from any Lot and the improvements thereon shall drain or flow as set forth below:

(a) Any such water may drain or flow into adjacent streets and shall not be allowed to drain or flow upon adjoining Lots/or Common Areas unless an easement for such purpose is granted.

(b) All slopes or terraces on any Lot shall be maintained so as to prevent any erosion thereof upon adjacent streets or adjoining property.

(c) No structure, planting or other material shall be placed or permitted to remain or other activities undertaken within the Property or any portion thereof by any Owner which might damage or interfere with established slope ratios or interfere with established drainage functions or facilities.

Section 18. Roof Projections. No projections of any type shall be placed or permitted to remain above the roof of any residential building with the exception of one or more chimneys and one or more vent stacks and antennas, as set forth in Section 14.

Section 19. Window Coolers. No window or wall type air conditioners or water coolers shall be permitted to be used, erected, placed or maintained on or in any residential building on any part of the property.

Section 20. Greenbelts and Common Areas. The Common Areas shall be used for park, recreational, social and other purposes directly related to the uses authorized under this Declaration and such Supplementary Declarations as may be filed and shall be restricted to pedestrian and non-motorized vehicle use and shall be open for the use of all Members and their guests during reasonable hours, as established by the Board of Directors.

Section 21. Swimming Pools. All swimming pools must have an enclosure fence, not less than five (5) feet in height. The material of the fence must be approved by the Architectural Control Committee.

Section 22. Landscape Maintenance. All landscaping of every kind and character including shrubs, trees, grass, and other plantings, shall be neatly trimmed, properly cultivated and maintained continuously by the Owner thereof in a neat and orderly condition and in a manner to enhance its appearance.

Section 23. Right of Inspection. During reasonable hours and after reasonable notice, the Association shall have the right to enter upon and inspect the Property or any portion thereof and the improvements thereon for the purpose of ascertaining whether or not the provisions of this Declaration are being complied with and shall not be deemed guilty of trespass by reasons thereof.

ARTICLE XII

GENERAL PROVISIONS

Section 1. Enforcement. The Association or any Owner shall have the right to enforce, by any proceedings at law or in equity, all restrictions, conditions, covenants, reservations, liens or charges now or hereafter imposed by the provisions of this Declaration. Failure by the Association or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 4. Books and Records. The books and records of the Association shall, during reasonable business hours, be subject to reasonable inspection by any member. The Board of Directors may, by resolution, establish rules and regulations governing the frequency of inspection and other matters to the end that inspection of the books and records by any member or members will not become burdensome to nor constitute harassment of the Association. The Declaration, the Articles of Incorporation and the By-Laws of the Association shall be available for inspection by any member at the principal office of the Association, where copies may be purchased at reasonable cost.

Section 5. Annexation. Additional residential property and common area may be annexed to the Properties by the Board of Directors without obtaining the consent of the Owners.

There is hereby excepted from the land encompassed by the boundaries of this subdivision, and Declarant will hereafter except from all its sales and conveyances of said land, or any part thereof, including the Common Area, all oil, gas and other minerals in, on and under said land, but Declarant hereby waives, and will waive in each such conveyance, its right to use the surface of the land for development of oil, gas and other minerals,
