

Nashville Soccer Holdings,

We, the undersigned organizations and individuals, wish to express our support for a Community Benefits Agreement, including good jobs, affordable housing, and community/ cultural amenities, on the Soccer Stadium and the corresponding 10 acre development.

We believe that the development of land at the fairgrounds and the operation of an MLS stadium can directly benefit our neighborhoods and city residents, especially those most vulnerable to displacement and un/underemployment, but only if deliberately and thoughtfully planned through a Community Benefits Agreement. Therefore, we encourage you to bargain in good faith with Stand Up Nashville.

Thank you for the conscientious investment in Nashville's residents. We are eagerly awaiting the benefits that this CBA will bring.

Sincerely,
