

[sample letter for Wells Fargo customer to send to and/or discuss with
the manager of a local WF bank branch]

[date]

[name, if known]

Branch Manager

Wells Fargo & Company

[local branch address]

Dear Madam/Sir:

As a customer of Wells Fargo, I have serious concerns with the lender's financial involvement with TransCanada, the company that is building the Keystone XL pipeline. I oppose the Keystone XL (KXL) pipeline because the project will likely have grave repercussions for the world's climate.

While I understand that Wells Fargo has become one of the largest lenders and investors in renewable energy and clean technologies, such positive environmental benefits are negated by the bank's investments in the KXL pipeline.

Therefore, I ask that Wells Fargo end all funding for the KXL pipeline project. In taking such a principled stand against the Keystone XL pipeline, Wells Fargo would be heralded as an environmental leader in the banking world and beyond.

Thank you.

Sincerely,

[customer's name]
