

STOP ISRAELI WAR CRIMES!

**ISRAELI APARTHEID IS NOT AN ADVENTURE.
Boycott Elbit, boycott Everysight Raptor glasses!**

Everysight is a subsidiary of Elbit Systems, Israel's largest publicly traded weapons company. Elbit's surveillance systems are used on Israel's apartheid wall and along the U.S.-Mexico border. Elbit has been involved in all of Israel's major offenses on Gaza, including the 2015 assault that killed over 550 Palestinian children. Everysight's Raptor cycling glasses use the same technology Elbit supplies to fighter jets that bomb Gaza.
