NON-TRIUMPHANT
KARL
CHRISTIAN
ROVE**

Karl Rove sees the issue of voter fraud as a handy weapon during an election. He'll never pass up the opportunity to take advantage of an electoral problem; He is accused of election fraud in the 2000 and 2004 presidential elections;

He attempted to discredit a report of U.S. diplomat Joseph Wilson that Iraq was not seeking yellow cake uranium in Niger. On July 11, 2006, Robert Novak, "a conservative columnist for the Chicago Sun-Times newspaper, admitted publicly for the first time that Mr Rove, a close adviser to George Bush, had been one of his sources for a story outing an undercover CIA agent Valerie Plame;

Along with George W. Bush, he created an atmosphere of conspiracy to commit offense or to defraud the United States, for false information leading to the War in Iraq;

Karl Rove has committed treason, sedition, and subversive activities including, and submitting and fomenting false information leading to the War in Iraq, illegal detainment and torture of prisoners in Guantanamo and elsewhere, and other fraudulent acts leading to the deaths of more than 4,000 U.S. military personnel as well as approximately 300,000 Iraqi civilians
