Let Her Fingers Do the Talking

If the object of your affection is drinking, that's already a point in your favour – but the way she's fondling that champagne glass is a much more reliable way of working out whether she likes what she sees, i.e. You. Elegantly caressing the edge of her glass is almost always a sign of sexual desire, a fact often admitted by women themselves. Conversely, if she's drumming those digits against an empty libation, tonight is not your night, cowboy.
