

Dear Derek and Kirrily,

# THANK YOU

We appreciate all you do for healthy food and a healthy world. We hope these solar panels will be a blessing to you and your family.

.....

Derek and Kirrily, wonderful that you are a shining example to others, especially farmers, by transitioning to a low carbon footprint. Blessings to you and your family - **Sally Shaw**

Thank you Derek and Kirrily you're a bonza couple! - **Cathy Hall**

It's been so great to meet you both. I really appreciate your commitment to regenerative farming and climate justice. Thank you. - **Jody L**

Keep up your great and inspiring work - thank you also from my children and grandchildren - **Marjan**

Thank you for your commitment to a healthy environment and lifestyle for now and the future. May all you be deeply blessed - **Janet Dawson**

Many thanks for everything you are doing. I hope the solar panels make a difference in your lives and your farming - **Emma**

Something is welling up in my eyes just reading about how you guys have been working hard to protect farmlands from mining. I'm a big supporter of local food and hope more farmers follow your example. Enjoy the solar panels- my family and I hope they help you in some small way along your journey of conscious farming. Thank you so much! - **Peter B**

Congratulations Derek and Kirrily. Thanks for your commitment to sustainable agriculture. Best wishes! - **David**

Thank you for protecting God's economy the Earth.- **John Williams**

The Common Grace team told us a bit about you and we're so thankful for the work you do, both in sustainable farming practises, and also your work in fighting against the development of unsustainable coal mines! We're behind you all the way! We hope these solar panels are a real blessing to your family! - From, Matt, Donna, Oscar and Ellie Toulmin

Thanks for all you have done till now and all the best for the future - **John Brentnall**

The church I serve as minister and that has adopted a strong environmental policy congratulates you on your initiative and inspiration in serving farming communities - **Dennis Ryle**

We trust the sun will shine brightly on your solar panels - **Geoff & Lorraine**
