

Toronto **Community**
Benefits Network

Our Vision and Commitment

We envision Toronto as an inclusive, thriving city in which all residents have equitable opportunities to contribute to building healthy communities and a prospering economy.

We believe that a priority for a thriving and inclusive city is the continued expansion of transit infrastructure and neighbourhood improvement to meet the needs of all residents. Accessible transit is critical for the social, environmental and economic wellbeing of our city today and into the future.

The expansion of transit that is envisioned for Toronto will result in opportunities for good jobs. It is crucial that all Torontonians have access to economic opportunities stemming from infrastructure investments. As such, we believe that the diversity of the workers on the LRT project should reflect the diversity of residents in Toronto.

The Toronto Community Benefits Network, as members of Toronto's communities, commit to working in partnership with Metrolinx and all partners on a Community Benefits Agreement that can advance our vision for an inclusive, accountable and thriving City.

My organization supports the Toronto Community Benefits Network Vision and Commitment as stated above, and requests to be listed as a TCBN member
