

Toronto Community  
Benefits Network

### ***Our Vision and Commitment***

We envision Toronto as an inclusive, thriving city in which all residents have equitable opportunities to contribute to building healthy communities and a prospering economy.

We believe that a priority for a thriving and inclusive city is the continued investment in public infrastructure and urban development to meet the needs of all residents today and into the future.

It is crucial that all Torontonians have access to economic opportunities stemming from infrastructure investments. This outcome can be accelerated by implementing specific strategies, including targets that expand opportunities among historically disadvantaged communities and equity seeking groups.

As a community-labour coalition, member of Toronto's communities, the Toronto Community Benefits Network commit to working in partnership with key stakeholders on developing Community Benefits Agreements that can advance our vision for an inclusive, accountable and thriving City.

**My organization supports the Toronto Community Benefits Network Vision and Commitment as stated above, and requests to be listed as a TCBN member.**
