Tuesday, September 18th
9:00 am -10:00 am

Séan McCann
Mental Health Advocate | Acclaimed Solo Musician | Founding Member of Great Big Sea

Séan McCann uses his music to help people find light in the darkness. Best known as a founding member of the massively successful Canadian band Great Big Sea, Séan's twenty years with the ensemble came to a halt in 2013, when he realised that he needed to deal with both alcohol addiction and coming to terms with the sexual abuse he suffered as a young man. Since then, Séan has been using his words and music to bring healing into his life and the lives of others.

Séan's love for Newfoundland and Labrador folk songs shot him to international fame as a founding member of the renowned group Great Big Sea. But while Séan was with the band, giving himself to thousands of people a night on the road, he was slowly losing his own way. It was a life, he says, where "every night was like a Friday night."

The time finally came for him to seek help and realise that the underlying issue surrounding his alcohol addiction was that a local priest had abused him while he was growing up. It was in finally confronting this reality and bringing it out in the open by speaking about it with family, friends, the media, and the public that Séan was able to begin moving forward.

In 2014, he released his first solo album *Help Your Self*, which was later followed by the album *You Know I Love You*. With these projects, Séan found how therapeutic creating, recording, and performing music could be for him, and discovered that his songs were helping others as well.

Lunch Rotations – your time, your choice!

Lunches on Monday and Tuesday are provided within the exhibit area. Feedback indicated that you continue to prefer the opportunity to choose when you want to have lunch... and we listened, providing two time slots for lunches each day! This programming feature gives you the flexibility to create a schedule that works best for you! During each time slot, you have the opportunity to visit exhibitors or be comfortably seated while you eat. Remember, our loyal exhibitors have put a lot into exhibiting with us, and they need your support. Of course, this mixing of people throughout the meals allows for an easy introduction to people you have not met before or to whom you have not yet had a chance to speak with. It's always nice to multi-task, even during lunch at the conference!

This year, CSSE is thrilled to have secured the Queen Victoria Place Restaurant as the site of our Monday Night Special event! Constructed in 1904, the stately building now known as Queen Victoria Place was the former residence of the Commissioners of Niagara Parks. As it enters its 113th year in the heart of Queen Victoria Park, Queen Victoria Place Restaurant offers the very best of Niagara through their locally sourced menu, paired with a diverse Niagara VQA wine list and craft beer menu. This evening will also feature wine tasting, craft beer tasting, and live entertainment ... all overlooking the amazing and beautiful Horseshoe Falls!
