

# Manager, Safety

**STATUS:** Permanent Full-Time

**SALARY:** Authority Band 10: \$91,425 - \$95,082 - \$98,886 - \$102,842

## OUR SAFETY CULTURE

Our Safety team is passionate about safety and have developed a mature safety program that is evident in our culture at all levels of our organization. On one hand, The Calgary Airport Authority has over 300 employees where you will be empowered to put your own personal touch on safety. On the other hand, the airport itself is large enough to expose you to a considerable amount of diverse safety responsibilities and challenges. Our Safety experts are high performers who connect with our people, create opportunities and make substantive change every day.

## WHAT YOU WILL DO

Your ability to build relationships and establish trust with numerous stakeholders will contribute to your success as our Manager, Safety. Your passion for, and expertise with, safety will enhance our existing program and bring value to our safety culture.

Reporting to the Director, Safety and Security, the primary focus of this role is the safety of contractors working at the Calgary International Airport. You will also be involved with various aspects of our safety management program including: airport security, public safety, construction safety, workplace health and safety, and emergency preparedness.

Specific duties may include:

- Provide leadership and advice to management, employees and partners in developing, reinforcing and promoting proactive initiatives to enhance and build the safety component of our corporate culture.
- Initiate the drafting of safety policy in accordance to legislation and Authority standards.
- Guide the contractor safety program by enabling contractors to appropriately protect all airport users; facilitate discussions among client groups when incidents occur.
- Support construction project managers by ensuring appropriate safety standards are met.
- Participate in stakeholder meetings as required, providing safety subject matter expertise.

## WHAT YOU BRING

- Post-secondary education in safety or similar field: degree, diploma or certificate in occupational health and safety; or a degree in environmental science, kinesiology, or similar, and/or professional equivalent experience.
- Experience in occupational health and safety (e.g. ergonomics; industrial hygiene; job safety analysis; hazard identification/control; workplace inspections; accident investigations).
- Strong written and presentation skills with the ability to write, develop and present training documentation, programs, policies and incident reports.
- Ability to effectively build relationships and trust with multiple internal and external stakeholders in order to investigate incidents, guide corrective actions, and ensure a safe workplace.
- Ability to proactively resolve problems and manage conflict / negotiate positively.
- Role model a high level of professionalism, integrity and ethics.
- Must possess a valid Class 5 Alberta Driver's License or equivalent, subject to a clean driver's abstract.

## WHAT ELSE?

Preference will be given to applicants with one or more of the following:

- AAE, CRSP or similar designation(s) in airport operations or workplace health and safety.
- Experience managing a workplace safety program and/or experience with workplace legislative compliance under federal or provincial codes.
- Working knowledge of construction related safety practices and guidelines, related to hazardous building materials including asbestos mitigation.
- Working knowledge of environmental regulations that pertain to the storage, use and emergency response of hazardous materials in the workplace.
- Three or more years of experience managing a workplace health and safety program.

## WHO WE ARE:

We are more than just planes and tarmacs. We are about connections and stories made possible by our work. We are committed to creating an environment where our people are rewarded through meaningful work experiences. Not only do you get to be a part of developing one of Canada's busiest airports, but you'll be joining one of Alberta's Top Employers.

The Calgary Airport Authority is leading an exciting expansion program at YYC worth over two billion dollars. With the recent opening of Canada's longest runway and the construction of a new international terminal, this is an exciting time to be a part of #YYCCrew.

## WHAT YOU CAN EXPECT:

It's simple – we invest in our people because they are the backbone of our success. We offer:

- Competitive salaries
- Attractive benefit, pension and wellness programs
- Flexible work schedules
- Growth opportunities
- Opportunities to give back to the community
- A contagious aviation bug – seriously, it's infectious.

## HOW TO APPLY:

Like what you see and think you have what it takes to join our YYC Crew? Send your resume and cover letter, quoting: 1626AA by 1600 hours on May 31, 2016 to:

- Website: [www.yyc.jobs](http://www.yyc.jobs)
- Email: [resumes@yyc.com](mailto:resumes@yyc.com)

**All applicants are thanked for their interest but only qualified candidates will be contacted.**

The Calgary Airport Authority is an equal opportunity employer.

Successful candidates will be required to obtain the Restricted Area Identification Card.

Successful candidates for safety sensitive positions will be required to undergo a pre-employment medical assessment to confirm fitness for work.

The Calgary Airport Authority complies with PIPEDA. By forwarding your resume, you are consenting to the collection and use of your personal information for this job competition. Your information will be kept confidential.
