Current as of October 20, 2019

What follows is a list of individuals who lost their lives through encounters with law enforcement agencies, including police and state troopers, sheriff's departments and jails. This list is not all-inclusive and is added to regularly through research. Cases range from 1984 but there is much more information available about cases from 2000 (the year CUAPB formed) through the present. Cases are listed alphabetically by last name. While we strive for accuracy, we often have to rely on media accounts that endeavor to justify all deaths at the hands of law enforcement. While some deaths may have been justified, it is difficult to differentiate. Thus we include all reported deaths in this publication. For more information, contact Communities United Against Police Brutality at 612-874-7867 or www.cuapb.org.
