See Reverse for Instructions

On May 7, 2013 @ 7pm (after coming from work), I went to meet with a friend/business owner at his T-Shirt Design Shop in South Minneapolis—816 E. 38th Street, In reference to a shirt I designed for some good friends of mine for the *Mother's Day*, Sunday, May 12, 2013 **21st Annual Twin Cities Race for the Cure.**

Example of T-Shirt Design

The better You Look, The better You Feel!

Firstly, after talking with my friend, and continuing to talk to my friend in my car about the T-Shirt Design. I observed a Minneapolis squad car #360 ride by three times. Approx. 8-10 minutes after I observed Minneapolis Squad Car #360 leave the area. Minneapolis squad car #8321 slowly approached me, and then officer Siedel and a fellow woman officer exited their squad car. Officer Siedel immediately approaches me, and tells me to place my hands on the hood of his car. Repeatedly asking officer Siedel if there was a problem/probable cause, he continued to yell and tell me to shut up and be quiet. So, after all officers—Siedel, the woman officer, and the officer from Squad Car #360 approached me, and surrounded me around the front hood of officer Siedel's squad car. I then placed my hands on the hood of his squad, and he began to dig into my pockets with no consent.

A. Ah, yes.

Q. Could you explain in your own words what happened?

A. Yes. Um, to start off, um, basically after coming from work, I went and, ah, met, pretty much met with a friend, a business owner, um, in regard to a tee shirt design, ah, basically it was in reference to, ah, this design here which is visual. It's a mother's, it was a Mother's Day, ah, breast cancer walk, ah, designed for the twin, Twin Cities Race for, ah, Race for the Cure. And, pretty much what was goin' on, I was actually in my car. He was just leavin' work. I was, I pretty much pulled up on the side of him. We began to engage in, um, conversation about the tee shirt here.

Ah, basically, at that point in time, I visually, um, seen an officer, well, pretty much squad car number 360, ah, ride by, ah, pretty much the address stated, um, three times in the course of about maybe five to eight minutes. So, after seeing this squad car 360 ride by for the third time, ah, I immediately pulled my car over to the front, parked, got out. At that time, me and the friend, the business owner that has this tee shirt design shop, ah, again, ah began to engage into conversation about, ah, what was gonna go on about the order.

At this point in time, um, I seen squad car 8321, a Minneapolis squad car, pretty much approach me slowly at that point. So, I'm looking and my friend is also looking at this, ah, squad car approach me. At this time, I seen two fellow officers get out of the car. One was Officer Seidl, the other one was a woman fellow officer which I didn't get her name, ah, but I guess they were patrolin' the area.

Q. Do you know which officer was driving and which one was passenger?

A. Officer Seidl was driving.

Q. Okay. Thank you.

A. Um, at this point, he immediately got out the car and he told me to put my hands on the car. At that point, I

asked him, ah, kind of confused, "Why do I need to put my hands on the car?" At that point, he said, "Just put your hands on the car. I'll tell you." And, at this time, I seen, ah, the officer from Squad 360 pull up. He got out the car too, came up to me or came pretty much engaged, ah, in this whole ordeal or what not. Um, at this point, when I'm asking him, "What's going on?" and why is it that he is wanting me to put my hands on the car. Ah, he began yellin'. So, at that point, I put, or I placed my hands on the car. He then goes into my right or starts to pat me down, goes into my right pocket where he feels, um, my, ah, my wallet. At that point, he reaches in my pocket, takes my wallet out and eventually starts to go through it. I'm asking him over and over, "What's the problem? What's goin' on? What's the probable cause?" and pretty much I'm still gettin' or getting no answer.

So, after that when's he's going through and checking my, my cards that I have in my wallet. I had credit cards. I had two, or I had my ID so I have a Minnesota's driver's license and also I had my Arizona license in which he asked why do I have two IDs and I told him, you know, I live in Arizona and I had that for a second identification at the time. Um, and I currently do reside and I have an address in Arizona and pretty much just gave him this information. And, at this point, he began to, ah, after asking again, you know, "What's going on?" he then begins to say, "Well, you know, there's a bunch of gang activity.

Now, the thing is, I just got off of work. I had on my jeans, I had on, ah, a red, or, not a red, but a white, black, blue, red and maroon, ah, colored shirt, ah, flannel and then I had on, um, my maroon Levis, ah, shoes. At that point, he began to say, "Well, I know you're probably a part of the Blood Gang members or Blood Gang members. And once I told him I don't know what he's talking about. I don't know what this is about but the thing is after checking my wallet I mean he can visually see that I'm a Permit to Carry and I'm pretty sure if I was a gang member they wouldn't give gang members those type of things. But I told him. I said, you know, "I had my permit to carry for six years and, I mean, this, I just basically, I mean I was a little bit frustrated at that point.

Um, after he went through this whole process, he took me to the back of his car, put me in his car and then began to run warrant checks. He ran a driver's license status check, just pretty much every check possibly. I don't know what other check he ran. I think he was probably checking my Arizona license to see if that was valid or ID to see if that was, ah, valid. Um, at that point, me and him engaged in a heated argument about him thinkin' I'm a part of this Blood Gang organization or unit or whatever and he starts to begin to ramble on about I guess shootings that happened in the area, shootings that happened somewhere else and then I guess someone had got shot over North or somethin' like that in which he was tellin' me information that wasn't even pertaining to me.

And, you know, I said, "Well, I mean, you can't sit her and classify everybody as a gang member." He said, "Well you look like a gang member." And, pretty much this is what he stated out of his mouth was, "Well, all the blacks in this area are gang members or part of the Blood unit." At that point, in response, what I told him was, "Well, what about the Whites, Hispanics and Asians?" And he said, "Well there's no Whites and there's one Hispanic that's part of a Blood gang member unit in this area or whatever. And I told him, "You know what? This doesn't even pertain to me. I work on, or, my profession is computers. I've been working with computers." I began to tell him, "I have accredited companies. We're workin' through Target Corporation for five or six years, five years. Best Buy Corporation." I began to tell him what I was about. "I'm a Dunwoody College student. I mean graduated from Dunwoody College. I have a computer networking degree." I don't know nothing of what he's talking about.

At this point, after I came back clear, ah, he began to engage in, you know, all this other stuff about gang activity that I had no clue about and I said, "Look, I'm ready to go." At this point, he gets frustrated, he gets out of the car, comes over to the back of the car that I was sitting in, then, he lets me out. At that point, I began to walk to my car. Now, he had no idea that my car was even around in the area. I went over, walked to my car. At this point, when I got in my car, I've got an SL-500. It's a Mercedes Benz and my top was down. At this point, he drives up to my car, turns his lights on, gets out of the car, comes up to my, ah, the driver's side door and asks to see my license, registration and proof of insurance.

And, I said, "You already just ran a check. You already cleared me. I just bought a car." I brought my

115 paperwork. This is all of the paperwork I showed him. He said, "Show me your title." I had a temporary plate that was in my car that I showed him and I showed him my title here. And, at that point, I mean, he began to taunt me and, yes, I got out of character and I told him, "You know what?" There were some things that I said that I said, "You know, you're actin' like a pussy." That's what I said to him. At that point, he tells me to get out the car. I get out the car. Then, or what he does, he handcuffs me, puts me in the back of his car. Him and the fellow officer, the woman officer, decided to go in my car and at that point they're searchin' my car, um, clearly see 'cause I know his lights were. At this point, I knew his lights were on, that the video was recording. Um...

120 Q. Did you see a camera in the car?

A. Um, in his car?

125 Q. Yes.

A. I believe he has one, yes.

Q. You said that the car he was driving was number 8321?

130 A. Ah, 8321 was his squad car. So, at that point, he's in my car. I can see him visually pulling up on my middle console, in which it's actually a latch that separates two departments. So, I see him struggling with the department, and, at that point, I guess he's looking through it. He goes through the whole car and, at this point, I would probably say it lasted maybe about five or ten minutes with them going through the search of my car.

135 They come back to the car. They are looking in the database and they're pullin' up a bunch of other stuff and then they ask me about my car that I own, or another car that I own, which is a Monte Carlo. They asked me where that was which I don't know why that had anything to do with anything. And then, at that point, um, he writes me, or, once he, or after he goes through my car and then after this whole search he comes back to the car and then he was tellin' me if I, do I want to go to jail and I said, "For what? I didn't even do anything."

145 At this point, I mean, it's just all over the place as of right now and then he finally lets me out the car and then, um, at that point, what I can remember, I'm getting' back in my car and I get a ticket. He gives me a ticket for no registration on my car for Minnesota which my car was shipped up here from Texas and it had the temporary plates still on, or still in there and all of that. So, yeah, he gives me a ticket for that and then at this point he, um, lets me go or after he's done with this whole process, he then begins to, there was a friend of mine that pulled up that seen what was goin' on. Ah, he was there and he asks was I okay.

150 And what I started to do was start to immediately because what he did after he was done with my whole ordeal he got out went over to him, or asked to see his driver's license and ask whose car it was and I began to video with my phone at that point. And, he immediately stopped harassing my friend and at that point he told me, "I don't know what I'm getting myself into." And he said, "Next time, I'll have more time for you." and he gets back in his car and he drives off. And I still was recording this, ah, stuff here but, um, I know for sure from the time that he approached me from when this first all started I know this was on camera. Mobile camera three was in the area and this is the view in which I believe it was recording in which it should have that whole search of him first coming up to me and approaching me from the start of everything and that's the woman, or the fellow woman officer that was I was able to get a recording of.

160 Q. That's a picture from your camera?

A. Yeah.

Q. I mean your phone?

A. Yeah, from my phone.

165 Q. Okay. Do you mind if I make a ...

A. Oh, you can have that. I brought this strictly for your intake of everything.

Q. Oh. Thank you. I'll see if I can get footage of this camera. It's got to be around somewhere. Alright, that should help things. A couple of questions. The gentleman that you were talking to when the officers pulled up, was he there for most of this contact with you?

A. He was there for about maybe, he was actually goin' to pick up his kids. When Officer Seidl pulled up, he was there for I want to say approximately, maybe three to five minutes and then he left because, you know, it began to get a little bit out of control. But he was there for the first I would say probably three to five minutes.

Q. Do you think this person would offer any information to us?

A. Um, I'm pretty sure. He should be...

Q. Do you know his name and how I can get in contact with him?

A. Um, Deyon Loveless.

Q. Can you spell his first name?

A. D-E-Y-O-N. Loveless: L-O-V-E-L-E-S-S. His number is 612-481-3935 or 39. I'm sorry, 3932.

Q. You mentioned you have a Permit to Carry?

A. Yes.

Q. Obviously, since there's no mention of weapons in here, I assume you were not carrying your weapon at that time?

A. I didn't have my firearm on me. No.

Q. Did the officer ask you about that? If you were carrying or if you had it in the vehicle or if you had it somewhere?

A. No.

Q. When you were in your car and he came up and asked you for ID and registration and insurance, did he ask you at that time whether you had your firearm in the car?

A. No.

Q. Do you have any idea what he might have been looking for by searching your car?

A. I have no clue what he, was he then intentionally thinking or his train of thought for what he thought he was looking for. I have no clue of what his intentions were. From, pretty much from the beginning of this or the start of everything, he didn't even have any, how can I say? He didn't have. I would say, he didn't have a clue that I even had a car because when he first approached me, or when he first saw me, I was outside of my car. My car was parked pretty much from where his car was between the distance of when I was actually communicating and talking with my friend, his car was actually pulled behind my friend's and mine was actually pulled over on the side there on the street. So, when he first approached me, he didn't even know that I had a car at that point.

Q. Was the person you were talking with, were they in their car?

A. They were in their car, yes.

Q. You were out next to the car talking to them?

A. That's correct.

Q. Was this car stopped in the roadway or was it by the curb?

A. Um, when I had got out of the, or, when Officer Seidl had approached me, my car was parked.

Q. I'm referring to the car that ...

A. Yeah, this car was actually if I were to make visual of it, my car was parked here. This car was parked right next to his store. So, my car was visually, I would say, about ten to fifteen, maybe ten or fifteen, maybe twenty feet away from his car but they both were parked by the curb. Yes, and he was parked in front of his

store.

225 Q. Would it be safe to say that neither your car nor Mr. Loveless' car was blocking traffic?
A. Wasn't obstructing any traffic.

Q. So, that was not an issue?
A. Right.

230 Q. When the officer first approached you, what was his focus of conversation?
A. He would not tell me after I asked him maybe five to ten times, "What is the problem? What is your probable cause?" And, he stated and he said, "Just place your hands on the hood. I will tell you." That was repeatedly what he said, "Put your hands on the hood. Just put your hands on the hood. We'll talk about that. I'll tell you. Put your hands on the hood." That was pretty much it.

235 Q. How long after he made contact with you, how long into the detention did he start talking about gang issues?
A. That was probably, maybe, I want to say a minute or two into the conversation from when he was telling me to place my hands on the hood.

240 Q. Did he ever ask you directly if you were involved in a gang?
A. Hmmm. No. He didn't ask me if I was involved in a gang. He said, I know, you know, you have the, you fit their whole thing or what not because of what colors I had on. And I said, "Well, I mean, that shouldn't, I mean, you're passin' judgment now." And, I mean, I told him I didn't feel comfortable with that and at that point, I mean, there was no, or, I would say any indication for him to say, "Well, you know what? I can see that you're a gang member because you fit. You have all the colors on and you're in this area." Which I didn't understand but. And then I asked him, "Well, if I was wearin' blue, then, then he said at that part, I mean, I remembered about one of those, ah, things that I asked him. I said, "Well, if I was wearin' blue then would you have stopped me then?"

245 Well then he said, "Well, don't get smart with me." Or something he said like that, so. It was basically. I would say he was charging at me because of what colors he thought were known in that area and I mean, me personally, I dress nice all the time. I don't think I was tryin' to mimic anything of a gang member at all. I mean, pants saggin' and all of that. I mean, my pants are usually well-fit to me so there not, you know, any of that look. I mean I had a nice collar shirt on. I don't know what he was thinking to think that, okay, well maybe, you know, you're part of this gang organization or you have somethin' to do with, ah, this whole gang unit.

255 Q. You said when he searched you, patted you down, he reached in and pulled your wallet out of your pocket?
A. Yep.

Q. Is that the wallet you're carrying, that wallet you have there?
A. Yep. That is the wallet.

265 Q. Did he take anything else out of your pockets? Did he feel anything and say, you know, "Gee this feels like some kind of weapon" or it feels like something of that sort. Did any of that conversation come up?
A. Nope. This was the only thing I was carrying in my wallet and my key was in my car the whole time.

270 Q. Did he ask if he could see your wallet?
A. Ah, no. He immediately went through it and then started asking why or when he looked in my wallet and he was goin' through everything he pulled my Arizona license and then also pulled this information out, my Minnesota and then these were the two things that he questioned. Why do I have two IDs? And then, looked through everything else. I mean this is all my credit cards I carry on me. I had no money on me. Um, he didn't even say anything about the Permit to Carry. As far as like, you know, at that time, and then in reference and I said, I mean "You know, gang members don't carry these permits." And then he didn't even say anything about it.

280 Q. You had mentioned that when he was talking to you and you were in your car, you made a comment to him something of the effect that he was acting like a pussy?

A. I said that. Yes.

Q. You said it was after you made that comment, that that's when he had you come out of the car and handcuffed you?

285 A. Yep.

Q. Did he give you an explanation about why he was putting you in his squad car and handcuffed?

A. No.

290 Q. Do you know how long your complete detention lasted?

A. From start to finish?

Q. Yeah.

A. From when he first approached me?

295

Q. Yeah.

A. I would say, hmmm, I would say it had to have lasted about maybe 20 to 25 minutes.

Q. The length of time that you were in the back of the squad car after you had been inside your car and he removed you and pulled you out. Do you know how long that time lasted?

300

A. From the first time I was in the squad car?

Q. No, the second.

A. Oh, the second time? Ah, I would probably say maybe for somewhere around maybe five to ten minutes.

305

Q. Was that a longer period of time than the first time?

A. Um. Well, it was longer. Well, I want to say it was probably maybe about the same, maybe about ten minutes that I was in there the first time because they were running a bunch of checks of which I didn't understand.

310

Q. The time that you were there that the officers were contacting you, was your primary contact with Officer Seidl?

A. Yes.

315 Q. Did you have any interaction with the female officer?

A. Um, she pretty much didn't say anything. Officer Seidl was pretty much the one that ran the show.

Q. You said that during this time, squad 360 came up. You said originally that squad was circling around but then it came up after you were approached by Officer Seidl.

320

A. Right.

Q. How many officers were in that squad car?

A. In 360?

325

Q. 360.

A. Only one. Only one.

Q. How long did that squad car remain on scene while Officer Seidl spoke with you?

A. Probably for about five to eight minutes and then he left.

330

Q. Did either of these squad cars have their lights on when they were contacting you?

A. The second time. Officer Seidl, when he seen me go up to my car and I got in my car that's when he

immediately jumped in his car, threw his lights on, pulled up after me. The first time he didn't have his light on.

335 Q. How about squad 360?

A. Squad 360 had no lights on.

Q. Did the officer that was in squad 360 have any conversation with you?

340 A. Ah, no. He looked at me a few times, made eye contact with me and that was pretty much it. He never said anything. I know there was another squad car that pulled up around the second time of when he actually was going through the search, and they sat in the alleyway maybe for about two to three minutes of everything and then I seen them pull off and that was two officers. Um, I don't remember a squad car number but I'm hoping that this catches everything.

345 After this whole incident, um, I immediately went to Precinct Three or Third Precinct and when I got there it was, ah, two, um sergeants that I pretty much made aware of this and they said that they were gonna talk to Officer Seidl about this whole incident. Ah, I didn't get a name but I'm pretty sure, well, I know them, by face for sure, um, but I can be able to point them out. It was a tall sergeant and a short sergeant from what
350 they say. Um, and this had to have been somewhere around eight o'clock, ah, when I spoke with, ah, with them, probably around eight fifteen, eight twenty.

Q. This is the Third Precinct?

355 A. Yep. And I pretty much told them everything of what I stated and they said that they were going to have a talk with him.

Q. Going back to the damage that was done. The damage on your car.

A. Yes.

360 Q. What was the condition of the vehicle before the officer entered the car?

A. The condition of the car was excellent. It was pretty much a 2003. It's a ten year old car and only has 47,000 miles on it. It was pretty much well kept. It's an SL500. Um, there was nothing wrong with the car. It was immaculate. It came from Texas. An older couple owned it. Um.

365 Q. How did you arrange to purchase this car. You were up here?

A. Yes. I had it shipped.

Q. How did you locate the vehicle to purchase it?

A. Internet.

370 Q. Are there any photographs on the internet of the vehicle and its interior?

A. Yes.

Q. Okay. Is this the console?

375 A. That's the console there.

Q. Okay. Now, these photographs that you're showing me, is there any way that you can send those to me?

A. I can send these to you. Yep.

380 Q. Okay. That would be great. Now, when Officer Seidl was in the car, you said he was searching. Was the other officer, the female officer, searching as well?

A. Yes.

Q. Could you see which officer was searching in the console area?

385 A. Officer Seidl.

Q. Was he the only officer you saw do that?

A. Yes.

390 Q. Now, this was at seven thirty in the evening. What were the lighting conditions at the time?

A. Ah, visible.

Q. Were these pictures that you have here that show the mobile police camera. Were those taken that night?

A. Ah, yes they were.

395

Q. So, this, the one below it that shows the street scene was that taken the same night shortly after your contact?

A. Yes.

400 Q. Would this depict the lighting conditions?

A. [no audible dialogue]

Q. Okay.

405 A. That's when they went over there and started to question my friend in his car. Then he walked away as he seen I was video recording. Here's my car. Let me see here. That's him pulling off. That's my car.

Q. When did you discover the damage to your car?

410 A. Ah, well, around nine o'clock. That's when I decided to go in my console and seeing that it lifted right up and my car actually has a locking mechanism. I lock my glove box. Behind my two seats there's two storage bins or two storage boxes and then there's my regular, ah, console. When I lock my glove box, it immediately locks my middle console or it locks the two storage partments. Around that time, that's when I realized that this piece here, let me see, and that's the stuff they tossed around in the car. And then the little piece.

415 Q. That's what broke off the latch system?

A. Yep. That's where it tore off.

Q. Anything that you can send to me with regards to a video or photos that would be great and we can include it into the file.

420 A. All right. Okay.

Q. When the officers were searching your car, were there any witnesses around that you're aware of?

425 A. Um, um, there, there's a local corner store. Mike and Billy. They actually own the store. It's called Cup Foods. They said that they'll be able to provide video of it. Um, there's also a store that's across the street. There's a Mexican shop. I guess this guy is the owner. He was actually visually or he was actually out at this time looking at the whole thing and, I mean, I can probably get something from him. Um, other than that, my only two witnesses, key witnesses, is gonna be this mobile phone and then, um, or the video that's gonna be provided if I can get it but they said it needs to be court ordered or something like that to prove by the video.

430

Q. Refresh me here. The top was down on your car?

A. Yes.

Q. When the officer was searching, could you determine at what point he was getting into your console?

435 A. He was in, I believe the driver's seat when I can see him pulling it up and his lights were on at this time so it should be recording all of that when it, showing him forcing the pull up on my thing there and, I mean...

Q. It was locked by your key?

440 A. No, it wasn't. My first compartment was locked. I mean my second compartment was locked but under this console there's two latches. One is gonna release the first, the top latch in which he wasn't and which he started to pull up on it. It can't release the second one yet. And, I was screaming out of the car, actually. Like, you know, I can show you how everything works but I can see him forcing my thing up and I could see

that, you know, visually with my own eyes. I already know how I had my car and I mean the thing is, it wasn't like that.

145 Q. Is there anything else that we haven't talked about yet that needs to be included in your statement?

A. Ah, that's pretty much it.

Q. Is this a true and accurate statement?

150 A. Yes.

Q. It's now approximately 12:48 p.m. and I'm going to conclude the interview at this time.

Re: OPCR Case #13-10255 Loudermill Hearing

On this date at 1100 hours a Loudermill Hearing was conducted in reference to the above mentioned OPCR. In attendance was the panel members (Lt. Rugel, Lt. Christiansen and myself). Also present was the accused Officer, Jeff Seidl.

Officer Seidl informed the panel of some background information about his assignment to the area where this incident occurred. He informed us that he had been directed by his Command Staff at the time to saturate this area and to aggressively enforce all violations and also interact/disrupt gang activity which was especially prevalent in the area where this occurred.

Officer Seidl noted for the panel that his initial interaction with the complainant was because of him standing in the middle of the street. During this interaction, the complainant demonstrated a combative attitude. Some of this is corroborated by the video.

The panel took this information into account and recommends the following:

While the panel felt that the initial interaction with the complainant may have been appropriate, we felt that subsequent stop of the complainant after he had already been cited for an equipment violation was something that may have been more a result of Officer Seidl believing the complainant had a bad attitude, rather than a legal necessity for this stop. Although there may have been a technical violation, it would have been a better course of action to let the individual go without further interaction/escalation rather than to re-engage him. [REDACTED]

[REDACTED] We felt that because he had been in this area with direction from his commanders to aggressively intervene on possible gang activity, that this should also be a consideration on imposition of any discipline. The panel felt that he simply took this interaction a bit too far.

Respectfully submitted,

Re: OPCR Case #13-10255

Officer Seidl,

The disciplinary panel however recommends that a violation of MPD P/P 5-103 Use of Discretion be Sustained at a B level.

Prior to issuing its final recommendation to the Chief of Police, the disciplinary panel will hold a Loudermill hearing to consider any mitigating circumstances.

The disciplinary hearing has been scheduled for **Monday February 23rd, 2015 at 1100 hours in the conference room at the SIC.** You are invited to attend this hearing and offer the disciplinary panel any mitigating circumstances which should be considered prior to the panel issuing a final disciplinary recommendation to the Chief of Police. You are entitled to have a union representative present during the hearing if you so desire.

If you would like to review copy of the case file for this incident you may contact MPD Internal Affairs.

[REDACTED]

Furthermore after reviewing the Loudermill Panel review those panel members noted that they did not believe Officer Seidl had a "legal necessity for this stop." The Loudermill Panel also indicated in their findings that "this action by Officer Seidl constitutes a violation of MPD P/P Use of Discretion Violation 5-103."

[REDACTED]

After all information and evidence from this OPCR case was taken into account both the OPCR Panel and the Loudermill Panel believed [REDACTED] an MPD Policy was violated. [REDACTED] I am recommending a 'B' Level Letter of Reprimand.

Incident Summary

The Complainant was detained on 05/07/2013, by Officers Seidl and Werner near 816 38th Street E, after he was seen standing in the street talking with occupants of an automobile. The Complainant was wearing red colored clothing, which is associated with members of the Bloods street gang. The officers ran record checks and released the Complainant.

After being released, the Complainant walked to a car that was parked ahead of the officers' squad car. There were no license plates or other forms of registration attached to the vehicle, so Officer Seidl initiated a second detention to determine if the vehicle was currently registered and appropriate fees paid. During the detention, the Complainant was placed into the rear seat of the squad car. After determining that the vehicle was not currently registered in the State of Minnesota, Officer Seidl planned to have the vehicle towed. He conducted a vehicle inventory search; however, prior to having it towed, he released the Complainant with a citation.

| Date of Incident | 05/07/2013 |
| Complaint Filed | 05/08/2013 |

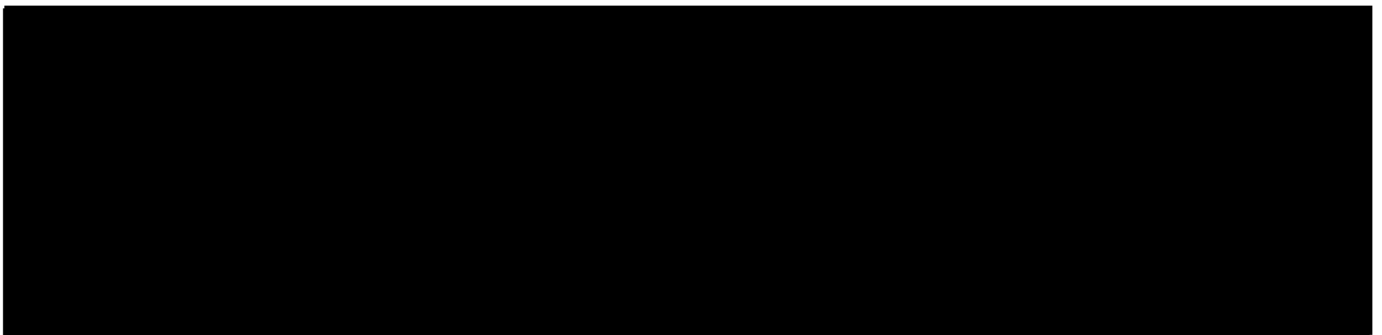

CASE OVERVIEW

The Complainant was detained on 05/07/2013, by Officers Seidl and Werner near 816 38th Street E, after he was seen standing in the street talking with occupants of an automobile. The Complainant was wearing red colored clothing, which is associated with members of the Bloods street gang. The officers ran record checks and released the Complainant.

After being released, the Complainant walked to a car that was parked ahead of the officers' squad car. There were no license plates or other forms of registration attached to the vehicle, so Officer Seidl initiated a second detention to determine if the vehicle was currently registered and appropriate fees paid. During the detention, the Complainant was placed into the rear seat of the squad car.

After determining that the vehicle was not currently registered in the State of Minnesota, Officer Seidl planned to have the vehicle towed. He conducted a vehicle inventory search; however, prior to having it towed, he released the Complainant with a citation.

Based on a review of the evidence gathered during the OPCR investigation, the following occurred:

1. On 05/07/2013, at about 19:32 hours, Officers Seidl and Werner were working a directed patrol in the area of 38th and Chicago due to recent gang violence there.
2. The Complainant and several others were detained near 816 38th Street E by the officers.
3. The Complainant was standing in the street talking to several individuals who were inside a parked car.
4. The Complainant was wearing red colored clothing. The color red is associated with the Blood street gang.
5. The officers ran records checks on the Complainant and the other detainees. At the conclusion of the records checks, all were released.
6. The Complainant walked to a black Mercedes Benz SL500 Convertible, which was parked directly in front of the officers' squad car.
7. This portion of the incident was captured by the squad car's digital video camera.
8. The vehicle to which the Complainant walked had no license plates or other types of registration displayed upon it.
9. Officer Seidl pulled the squad car forward to the rear of the vehicle and initiated a traffic stop.

Office of Police Conduct Review Investigative Report

11. Officer Seidl returned to the squad car and ran a check in NCIC (National Crime Information Center database) on the vehicle.
12. Officer Seidl then returned to the Complainant and the vehicle. After some discussion, Officer Seidl turned to walk back to the squad car.
13. Officer Seidl reported that the Complainant called him a "pussy"; however the Complainant stated he said that Officer Seidl was "acting like a pussy."
14. Officer Seidl returned to the Complainant's car and ordered him to get out. Officer Seidl then placed the Complainant into the backseat of the squad car.

Supplement number: 1 **CCN:** MP-13-140252 **Author:** 030239 - Jeffrey Seidl

Supplement of Off J. Seidl #030239 on 05/08/2013 00:14

On the above date I was assigned to work Beat 8313 with partner Officer Tammy Friestleben. Due to recent and ongoing shootings between the Rolling 30's Bloods street gang and the Rolling 10's/20's street gang, a detail was formed to prevent possible further violence between the two groups. Several addresses were compiled indicating areas where gang members might be found and/or shootings might occur. Officers were encouraged to proactively stop and id or debrief suspected gang members.

While on patrol, we were driving west on 38th St E from Elliot Ave S when I observed a black male wearing a red plaid shirt and red colored tennis shoes standing in traffic while speaking with occupants of a white colored vehicle.

I stopped our squad behind the white colored vehicle and asked the male to walk over to our squad. The male, later id'd by his Mn Pic DL as above listed A1/IKE, shouted, "What reason do you have to stop me!" I then told him that he needed to place his hands on our squad and that I would tell him why he was being stopped after I searched him for my safety. IKE continued to shout at us, "I haven't done anything wrong, you have to tell me why you are stopping me!" Thinking that IKE was now acting out because he had an audience on the sidewalk and in the car he was talking to, he was placed in the rear of our squad.

While attempting to identify him, I attempted to explain to him why he was being stopped. IKE continued to interrupt me, telling me, "I don't give a fuck what you're looking for, I am not in a gang. I can do whatever the fuck I want to!" I agreed with him and attempted to tell him that because he was wearing red in this particular area, we were trying to prevent more violence by stopping and talking to suspected gang members. Again IKE continued to interrupt me with profane language and would not let me finish. IKE told me that he was friends with Lt. Gwen Gunther of the MPD and continually threatened to call her. While attempting to identify IKE, I found a permit to carry a firearm card in his wallet. IKE was identified by his Mn Pic DL and queried on our squad computer. He was found to be a valid driver with no warrants. He indicated to us that he is a computer programmer and programs computers for CUP Foods at 3759 Chicago Ave S.

While listening to IKE rant about being stopped, I continued to overhear that other detail squads were looking for assistance in other areas of the precinct. We decided to release IKE.

IKE began to walk away from our squad and continued to yell profanities at us. I then observed him enter the driver's seat of a black colored Mercedes SL class convertible parked along the sidewalk in front of us. I noticed there was no license plate attached to the vehicle and I could not see a Temporary Permit visible. I pulled our squad in behind the vehicle and activated my emergency lights. I approached IKE and asked him if he had current registration for his vehicle. He then pulled a Texas permit placard from the dashboard and threw it at me. I returned to my squad to see if we could find any information on the vehicle. I then returned to the vehicle and asked IKE how long he owned the vehicle. He yelled, "I just bought it!" I asked how long ago he bought it and how long he has had it in Mn. He then yelled, "One and a half fucking months!". I turned to walk away and heard IKE yell, "PUSSY!". I turned back and calmly asked IKE to step out of his vehicle. I then escorted IKE to the rear of our squad where Officer Friestleben and I handcuffed him.

While in the rear of our squad, IKE continued to swear and berate us. We issued IKE a citation for failing to register his vehicle in Mn after 10 days. Again I began to hear other detail squads air that they were following suspicious vehicles and needed assistance. I decided not to waste time waiting for a tow truck. I attempted to advise IKE and released him at the scene.

I was alerted by my shift sergeants that a vehicle that had pulled in behind me was observed circling our stop. After releasing IKE, I walked back to the black colored Magnum and asked the driver for his name. I noticed he was wearing all red and black clothing and a Chicago Bulls BB cap (primarily worn by Bloods gang members). He told me he was "Billy Jones". I noted him in this report as OT1.

While we drove away from the scene, IKE was cursing us and showing us his middle finger.

CCN: 2013-139127

On 05/06/2013 I was working Squad 8313 with my partner Officer Seidl. Officers were dispatched to a SHOOT at 2626 Cedar Avenue South. Added remarks were that there were over 20 shots fired and that there was a female shooting victim.

I know that this address is the home of Chiffon Williams, 03/30/1960. I also know that Chiffon's sons Charles Earl Wright, aka "DUKA", 03/26/1990, Kareem Abdul Edwards 06/17/1986, and Armond Quentin Wright 01/29/1991, are all documented and admitted 10z gang members. There are several reports in CAPRS regarding the documentation of their membership into the 10z gang and there are videos on You Tube regarding their gang.

I also know that there has been a long running gang issue between the 10z gang and the Bloods gang.

While in the alley behind 2626 Cedar Avenue South, I observed a male who I know as OT/Kareem Abdul Edwards come running into the alley. I could tell that Edwards was excited and I could see that he was angry. Edwards stated that he had his young son inside the address, and he verbalized that he was not happy about someone shooting up his mothers house. I approached Edwards and he immediately recognized me. I asked Edwards if he believed this shooting was in retaliation for one the Bloods getting shot down at HCMC, on the previous day. Edwards stated that he believed that it was.

I then asked Edwards if his brother "Duka" (Charles Earl Wright) was at the house. Edwards stated that "Duka" was not home that he is in "treatment and locked up".

Information was forwarded to SICM.

On 5-6-13 at approx. 2229 hrs while working marked squad 320, with my partner OFFICER SUKER, we were dispatched to a SHOOTING at 2626 Cedar AV S.

Upon arrival I started searching for a scene. I was able to locate numerous shell casings just to the south between the apartment building at 2625 18th AV S and the house at 2629 18 AV S. After locating the shell casings I identified them with blue cards and secured the scene until car 21 came and recovered all of the items.

While waiting onscene I spoke with Witness/NEWMAN,RANDALL KEITH DOB-11-21-56 phone-651-500-2805 who lives at 2629 18th Av S. He stated that he saw at least one party standing between the buildings and then heard approx. 10-20 shots and then watched as the male walked calmly back west bound and then north bound on 18th AV S.

After car 21 recovered the evidence I cleared from the scene.

Supplement of Off G.Suker #007004 on 05/07/2013 00:56

Statement of Off Suker typed on 05/07/2013 at 0038 hours

I was working squad 320 with Off Klimpke when we heard a shooting aired at 26 St E/Cedar Av S. We drove to the shooting and informed dispatch of our location.

We arrived in the area and spoke with numerous parties who, tried to direct us in the area of 26 St E/18 Av S. As we drove south on 18 Av S, dispatch aired there was a victim at 2626 Cedar Av S in the rear. We drove north in the alley from 27 St E, and observed a female who was pointing northbound in the alley. I exited our squad and spoke with W/Tinoco. W/Tinoco told me she heard the shots and saw some flashes north in the alley. W/Tinoco then saw a tan 4dr Honda drive south in the alley past her residence then west on 27 St E. W/Tinoco also told me after she saw the shots she observed a black male with a black hoody in the alley where the shots were get into a tan minivan with a dent on the drivers door. The suspect black male then drove north in the alley to 26 St E, then west to 18 Av S. W/Tinoco then said the vehicle went south on 18 Av S to 27 St E, then on north on Cedar Av S out of the area. I then gathered w/Tinocos contact info for the report.

I then spoke with W/Kareem who said he was in the rear of 2626 Cedar Av S, when he observed a red 90's chevy s10 blazer or Jimmy with the boxy style, drive south in the alley all darked out. The vehicle drove through the alley then turned west on 27 St E out of his sight. A short time later W/Kareem saw muzzle flashes and heard the shots, coming from a wood fence across the alley from their address. W/Kareem said he was unable to see anyone just saw the flashes. W/Kareem then realized someone in the yard had been shot in the foot. I then gathered W/Kareems contact info for the report.

We then stayed on the scene until car 21 arrived to process the scene, and we were released to do reports.

Upon arrival, Officers were already on scene. We checked the immediate area of the incident location; the vehicle was not located. We entered the house and found Victim sitting on the steps leading to the upstairs. I spoke to Victim who said she was on the rear porch, facing the alley, at the time of the incident. She had seen a red older style Chevy Blazer drive SB through the alley. Victim said the vehicle was occupied by two black males wearing baseball caps. Victim said the vehicle slowed while passing the address listed. Victim said she believed the shooting was target at the listed address. When asked, Victim did not know who the Suspects were or who may be a possible suspect.

I also spoke to W1/R. Jones. W1 said he had been in the rear of the property with Victim at the time of the incident. W1 said there was a red truck that had driven through the alley. W1 did not know what type or any further information of the incident.

While inside the residence I was also told by Victim's mother and brother. Victim's mother, Shafan Williams, said Victim told her that the vehicle had driven completely through the alley, driving SB prior to the shooting. Victim told her mother that the vehicle had driven through, exited the vehicle and shot while on foot.

Victim's brother, Kareem Edwards, said he was also outside at the time of the incident. The brother said he had seen the same vehicle drive SB through the alley with the headlights out, prior to the shooting. The brother described the vehicle as a red Chevy Blazer, older style, with a spoiler on the top rear of the vehicle. Then the vehicle turned WB out of the alley way. The brother did not know how many suspects were in the vehicle or a further description.

Officers at the scene prior to our arrival spoke with the remaining witnesses at the scene.

Victim was transported to HCMC.

noticed multiple bullet holes in the exterior and interior of the home. The shots entered the house from the West side. There were shots fired at the main floor and the second level of the house. Car 21 responded and processed the scene.

Supplement of Off T.Harder #002769 on 05/07/2013 01:41

On 05-06-13 I was working marked squad 311 with Officer Wiecher. At approximately 2230 hours we were dispatched to 2626 Cedar Ave S on a report of a shooting.

Upon arrival at the address I observed several people inside along with the victim who was shot in the lower leg ankle area. People were saying that the shooting happened outside in the rear of the address. Paramedics arrived and transported the victim to HCMC.

I observed several rounds that had struck the west side of the address and the rounds penetrated into the interior of the house. Upstairs in the master bathroom I observed spent lead rounds the had fallen onto the floor. I left those rounds there and showed them to personnel on car 21.

Myself and other officers stayed at the address to secure it while car 21 was processing it. Officer Fahnhorst from car 21 notified me and asked if I had recovered the rounds that were in the upstairs bathroom. I informed him that I did not. I then went and spoke with Armond Quinton Wright 01-29-91 because I observed him walk from the upstairs to the outside. Mr. Wright said that he took them because he thought we were done. Mr. Wright then handed them to me and I turned them over to Officer Fahnhorst.

Supplement of Off C.Andress #000168 on 05/07/2013 02:30

On 05/06/2013 I was working marked squad 362 as the driver officer, with my partner, Officer Brugger. We responded to the report of shots fired at 2626 CEDAR AV S. Comments in the call advised that multiple shots were fired and one gun shot victim was known at the time.

Upon arrival, officers were met by the sergeant on scene who instructed us to assist with setting up the perimeter. I located some yellow crime scene tape and taped off the east side of the house. After doing so it was aired through dispatch that other houses in the area may have been hit by stray bullets. My partner and I checked nearby residences and located two that were struck by stray rounds.

The first house was at 2630 Cedar AV S, which is the neighbor directly south of 2626 Cedar AV S. I spoke with a male, later identified as O1/JAIME QUINTANA (06/27/1976), who reported hearing the sounds of shots being fired from the west alley. O1 did not see anything or anyone in the area. Officers observed the house to have three bullet holes in the siding, which caused damage, but did not penetrate.

The second house was at 2631 Cedar AV S, which is the neighbor directly east and across the street from the incident location. I spoke with a female, later identified as O2/MARY AHMED (03/14/1953), who reported hearing the sounds of shots fired, but did not see anything or anyone in the area. Officers observed one bullet hole in the siding near the second level bedroom. Officers went inside with consent of O2 to locate any evidence. Officers observed the bullet hole to have penetrated into the upstairs most southern bedroom, which left debris from the sheet rock on the floor. Officers did not locate the bullet and advised Lieutenant Veliz of the possible evidence. Officers also advised Car 21.

After further investigation, officers escorted Car 21 to 2631 Cedar AV S to located further evidence. With the permission of O2, Car 21 analyzed the bedroom where the bullet was most likely to be located. See car 21's supplement for further details.

CCN: 13-139127

On 5/6/2013 at approximately 2243 hours, Car 21 was requested by dispatch to respond to 2626 Cedar Ave S for a shooting. Upon arrival, we were briefed on the scene by officers.

We were informed that numerous shots were fired from the south yard of 2625 18th Ave S. The dwellings at 2626, 2630, and 2631 Cedar Ave S were struck by gunfire. A female victim was struck by gunfire, possibly in the area of 2626 Cedar Ave S. The victim was transported to HCMC prior to our arrival with non-life threatening injuries. Areas of BLS were observed on the stairway from the main level to the upstairs of 2626 Cedar Ave S. A copper jacket next to the sink, copper jacket on the floor, and metal fragment on the floor were observed in the upstairs master bathroom of 2626 Cedar Ave S.

Multiple bullet holes were observed on the west exterior wall of 2626 Cedar Ave S. On the main level multiple bullets perforated the exterior wall causing damage to the bathroom, dining room, and living room. On the second level multiple bullets perforated the exterior causing damage to the upstairs master bathroom and walk-in closet. No attempt was made to recover the fired bullets due to the amount of damage that would occur.

Multiple discharged cartridge casings (DCC's) were located on the ground in the south yard of 2625 18th Ave S. A metal fragment was observed on the ground next to a dumpster in rear parking lot of 2625 18th Ave S. A metal fragment was observed on the dumpster in rear parking lot of 2625 18th Ave S. The dumpster was perforated by multiple bullets.

The dwelling at 2630 Cedar Ave S was struck by gunfire on its north wall, but the projectiles did not perforate the wall. No attempt was made to recover the fired bullets due to the amount of damage that would occur.

The dwelling at 2631 Cedar Ave S was struck once on its west side perforating and entering the upstairs southwest bedroom and lodging in the closet door frame in the southeast corner of the room. No attempt was made to recover the fired bullet due to the amount of damage that would occur.

A gold Chevy Equinox (MN# 548 EYZ) parked in the driveway of 2626 Cedar Ave S was struck by gunfire multiple times. A gold Chevy Impala (MN# 339 EDY) also parked in the driveway of 2626 Cedar Ave S appeared to be undamaged.

OFC Fahnhorst placed evidence markers by the following items:

- EM# 1 'Federal 45 Auto' DCC (south yard, 2625 18th Ave S)
- EM# 2 'CBC 40 S&W' DCC (south yard, 2625 18th Ave S)

Under the supervision of OFC Fahnhorst, I took overall photographs of the scene with evidence markers in place.

OFC Fahnhorst collected the items marked 1-20.

A secondary search for firearms evidence was conducted. Two more DCC's were located in the south yard of 2625 18th Ave S and two more were located in the north yard of 2629 18th Ave S. OFC Fahnhorst placed EM's by the following items:

EM A 'CBC 40 S&W' DCC (north yard, 2629 18th Ave S)

EM B 'CBC 40 S&W' DCC (south yard, 2625 18th Ave S)

EM C 'CBC 40 S&W' DCC (south yard, 2625 18th Ave S)

EM D 'CBC 40 S&W' DCC (north yard, 2629 18th Ave S)

I photographed the items with evidence markers in place and OFC Fahnhorst collected the items marked A-D.

MN# 548 EYZ was examined and one fired bullet was located under the driver's side hood and another fired bullet was located under the passenger's side hood. I photographed these items and OFC Fahnhorst collected them.

It should be noted that while photographing the scene I noticed that the copper jacket and metal fragment (floor, upstairs master bathroom) were missing. OFC Harder was notified and he talked with an individual at the residence and located the missing items wrapped in a tissue. I photographed them and OFC Fahnhorst collected them from OFC Harder.

OFC Fahnhorst collected the copper jacket next to the sink in the upstairs master bathroom (2626 Cedar Ave S).

At the MPD Crime Lab Unit, OFC Fahnhorst obtained a possible DNA sample from EM# 1. EM#'s 2-18 and EM's A-D were collectively swabbed to obtain a possible DNA sample.

All collected items and possible DNA samples will be inventoried in the Property & Evidence Unit.

All of the photographs will be retained within the Crime Lab Unit.

We hereby certify that this is the report of the conclusions of examinations performed by us.

ASE ASSIGNED

On 5/7/13 I received this case for investigation. I read the police reports and learned the Vic/Morrison was sitting on her back porch when she was shot in an array of gun fire that came from the alley behind her house. I further learned that a suspect vehicle was seen by several people. The vehicle was described as a red Blazer or GMC Jimmy with a rear spoiler and tire on the rear hatch. Officer's supplements stated that the victim's brothers are admitted and documented 10's gang members. Further, I learned that the listed witnesses told police that this shooting incident was in retaliation for the shooting of Demarcus Black on 8th St. and Chicago Ave. S. near HCMC on 5/5/13.

5/7/13 I called the listed phone number for Vic/Morrison and spoke with her briefly. She advised me she was still in the hospital and was having surgery at 1300 hours. I told her I would come by the hospital on 5/8/13 and speak with her regarding this incident. She said she was anxious to speak with me and wanted the people that did this to her put into jail. The victim appeared cooperative and anxious to contribute to the investigation at this time.

VICTIM INTERVIEW

ON 5/8/13 at approximately 1500 hours I went to Hennepin County Medical Center and conducted an Vic/Morrison. Sgt. Ann Kjos was with me during the interview. A follow up recorded Q & A was done at approximately 1800 hours. The following is a summary of the interview:

Morrison said she was going to be discharged from the hospital on Thursday 5/9/13. We agreed to do a Q & A after the original visit due to the medical staff traffic in and out of her hospital room. At approximately 1800 hours, I called Morrison and conducted a recorded Q & A.

Morrison said she was at the incident address at the incident time on 5/6/13. She said she lives there with her mother and her two children. At the time of the shooting, Morrison said she was outside on the back porch smoking a cigarette. She said her brother Kareem and Kareem's friend "Rome" were also outside.

Morrison said while they were outside she noticed a red older Chevy Blazer driving down the alley behind the house, as if they were lost as it was stahling. She said there were two males in the Blazer. She described the driver as a brown skinned male, slim with a dark blue or black baseball cap on. She said the passenger was also male wearing a baseball cap but she could not see any other features for him.

She said she saw the vehicle drive past her house in the alley and turn and drove as if it was going to go around the block. She said the next thing she hear gun shots and realized they were being shot at and she then felt she was hit in her right foot. She said she called out to her brother Kareem but didn't get an answer. She said she heard over 20 shots and knew many of them went into her house. She said there appeared to be two series of shots. The first series was very loud and the second series appeared to be not as loud. She felt there were two different guns.

Morrison said she realized that Kareem and Rome were ok so she went into the house and called 911 as did her mother.

Morrison said she heard the gun shots coming from in between the apartment building and duplex house across the alley from her house.

Morrison said a person she knows as "Popeye" with the last name of Jenkins, was bragging on facebook about shooting 30 shots. She thinks Popeye is responsible for the shooting at her home because he belongs to the Bloods gang an opposing gang from her brother Charles Wright, aka "Duka". She said her brother Duka is currently in treatment in Chaska but was home

While Sgt. Kjos and I were in Morrison's hospital room, she pulled up a picture of Popeye on her phone from facebook. Morrison also said that Popeye has video on You Tube bragging about another shooting he did on someone named Cobie.

The Q & A interview was recorded and submitted to be transcribed and recorded on to a CD.

INTERVIEW WITH W/ROMAN JONES

On 5/9/13 I conducted a recorded interview with W/Roman Jones in the Assault Unit interview room F and the recorder was turned on. This interview will be recorded onto a CD.

The following is a summary of the interview:

Jones stated he lived at 1302 Linden Crystal, MN. He said on May 6, 2013 he was at the incident address, 2626 Cedar Ave. S. in Minneapolis at about 10:30pm.

Jones said he is at that address often because he is a member of a music group that "Duca" who lives at the house is part of as well. He said they gather there often to shoot video's. He said their group is very successful and is making money playing in clubs. Jones said he does gang bang anymore and is not part of that lifestyle.

Jones said he was in the back yard, back porch area with Kareem and with Vic/Haneefah Morrison. He said he saw an older SUV with rust near the tires coming from 26th and Cedar through the alley to where they all were standing. He said the SUV was red and there were no headlights on. He said there were 2 or 3 people in the SUV and the driver's window was open. Jones described the driver as a black male, wearing a white shirt dark skinned with dreds to his neck.

Jones said the vehicle drove by the rear of the house and then turned right toward 18th. He said shortly after that the gun shots happened. He said he heard about 30 rounds. He said he was not worried about the SUV. Jones said he got on the ground then he ran toward the front of the house. He said Kareem ran toward the front of the house too. He said he heard Haneefah say she was "shot".

Jones said he heard "on the street" that a person he knows as "Young Savage" was bragging on facebook that he did a "30 jerk", meaning he shot off 30 gun shots.

Jones said he does not know who shot at the house or why but he thinks they were shooting at him.

INTERVIEW WITH SUSP/ANTONIO JENKINS

On 5/10/13 I drove to the incident address location. I observed the damaged to the Victim's vehicle as well as the back of the residence. I then went to Phillips Garden located at 2646 Cedar Ave S. to check for any video cameras the business may located in the rear of the building. I spoke with the owner who said there were no cameras installed on site.

On 5/10/13 I was notified by Sgt. Porres that suspect Antonio Jenkins had been arrested on a warrant by Hennepin County Sherrifs, and was booked into the Hennepin County Jail.

On 5/10/13 I went to the Hennepin County Jail and conducted a post Miranda interview with Jenkins. The following is a summary of the interview:

I read Jenkins his rights per Miranda which he stated he understood and agreed to speak with me. I advised that I was investigating a shooting at 2626 Cedar Ave. S. which occurred on May 6th at 10:30pm. I further advised Jenkins he was a person of interest in this incident.

Jenkins told me he currently lives with his girlfriend Maria Bannarn 612-558-3075. He said Maria's mother Julie Fisher is sometimes at their residence.

Jenkins said he didn't know anything about the shooting at 2626 Cedar and had no idea who lived there. He said he knew about the one that occurred near HCMC and the one on Sheridan Ave N. the shooting of Ja'Chaun Ferguson, didn't know anything about this incident which I advised him was in between each of the others he mentioned.

Jenkins said he was not at 26th and Cedar and never heard about the shooting.

I asked Jenkins if he was involved in the Bloods gang activity and he said no. He said the Bloods was his family. When asked about the 10z gang relationship with the Bloods he said, "We're not friends but it's not hate". He acknowledge that there was a lot of animosity going on between the two gangs. I asked Jenkins if the shooting on Sheridan had something to do with the Bloods and 10z and he said he doesn't know who did that shooting. He said the 10z gang doesn't go north.

Jenkins said at the time of the shooting on 26th and Cedar he was at a clinic with his girlfriend and her mother due to some pregnancy appointment. But was back at the house afterward and stayed there the rest of the day and night. He then changed his story and said he was at the clinic the after the shooting on May 8th and he was at home the night of the shooting.

Jenkins said he was telling the truth and did not know who did the shooting at this incident address. This interview was submitted to be recorded onto a CD which will be placed in the MPD Property Room.

Q: Okay. And then a shooting occurred is that correct?

A: Correct.

Q: Can you please tell me just prior to the shooting what you observed I believe in the alley part behind your house?

A: We'd seen a red Chevy Blazer kind of looking like they were lost or like they didn't know where they were going or it appears that the vehicle was stalling.

Q: Uh huh.

A: And then they ended up going passed us.

Q: Okay. So they just drove down the alley?

Supplement number: 1 **CCN:** MP-13-181457 **Author:** 007619 - Heidi Eisenbeis

Supplement of Off H.Eisenbeis #007619 on 06/10/2013 04:54

On 06/10/2013, I was driving marked squad 162. I was monitoring bar crowds in the area of 3 St N and 2 Av N.

At approximately 0236, I heard Mounted Patrol 150 air that they would like a vehicle stopped. They were trying to conduct a traffic stop on the vehicle. I heard them air that he had gone down the alley from Class A Valet and that the vehicle had then turned northbound on 2 Av N. They described the vehicle as a dark colored Mercedes.

I saw a black Mercedes convertible northbound on 2 Av N approaching my location. It seemed to be trying to get through traffic. I asked Mounted Patrol 150 if it was a black Mercedes convertible and they replied that it was. I got in behind the vehicle and waited for another squad. As soon as I saw another squad with me, I activated my emergency lights. The vehicle, with a male later id'd as AP1 pulled over to the right hand curb.

I approached on the driver's side of the vehicle. The top was down on the vehicle so AP was looking over towards the Officers that had approached on the passenger side. I then saw AP hold up a card. I thought I recognized it as a permit to carry and not his driver's license like had been requested. I heard AP state that his gun was under the seat. AP did produce a driver's license. We took AP out of the car for our safety due to a gun being in the vehicle. I was not sure what Mounted Patrol 150 wanted this driver for.

I then talked to Mounted Patrol 150 as other Officers took control of AP. They told me that he had been spinning tires, peeling out and whipping donuts in a parking lot full of people. He then saw them coming towards him and he took off at a high rate of speed down the alley.

We found that there was an issue with the registration of the vehicle. It did not have license plates on it. There was a Texas temporary permit in the vehicle that looked like it may have been homemade. We found that the Texas permit had actually expired in February 2013.

Other Officers recovered and unloaded the gun. I property inventoried the gun, magazine and 7 bullets in locker number 31. I also property inventoried AP's gun permit and the Texas temporary paper.

Supplement number: 2 **CCN:** MP-13-181457 **Author:** 004172 - Aimee Hawes

Supplement of Sgt A.Hawes #004172 on 06/10/2013 12:41

On 06/10/2013, at approximately 0220 hours I was working Mounted 150 with my partner Officer Horn. Officer Horn and I were patrolling in the area of 1st Av N/4th St N due to large crowds refusing to leave the area after bar close.

Bar close was very busy, with large crowds refusing to leave the area. We had already dealt with 2 fights and had to move several crowds along 4th St N repeatedly as they were hop-scotching from one side of the street to the other. Several parties we were trying to move out of the area, we had observed jumping back and forth between the north and south side of 4th St N, were standing in the Class A lot refusing to leave the area.

Officer Horn and I were patrolling the Class A lot, located at 330 1 Av N since there were still a number of parties loitering in the lot, which reeked of marijuana, playing their radios. Officer Horn and I were walking our Mounts (Teak and Schafer) through the lot advising people to get in their vehicles and leave.

Officer Horn and I were standing toward the south end of the parking lot, facing NB, monitoring several individuals. We were south of the alley that leads to 2 Av N watching a group that were loitering by their cars. I heard tires screech and saw a black, convertible, unlicensed/(no license plate displayed) Mercedes come out from behind the dumpsters squealing its tires (came from the east side of the back part of the lot). I was approximately 50 feet away when I saw the mercedes whip a donut, screeching its tires. I observed that there were several vehicles still inside that area of the lot as well as several people standing on the ground who jumped/ran out of the way. I observed that there was a sole occupant of the vehicle (a BM).

Officer Horn aired that we wanted a traffic stop on the vehicle due to the driver's (later identified as A/IKE) wanton disregard for public safety in a public access parking lot. As Officer Horn and I took steps to approach the vehicle while on horseback, I watched the driver IKE as we were approaching. I saw him turn his head, see us coming, then take off at a high rate of speed WB in the alley leading to 2 Av N. Officer Horn aired that the vehicle had fled WB then NB onto 2 Av N.

Officer Eisenbeis asked over the radio of the vehicle was a convertible. We confirmed it was, at which point she aired that she had the vehicle.

Officer Horn and I responded to the stop location; 2 Av N/Washington.

Officer Eisenbeis advised me that IKE had advised them he had a gun under the seat of his car.

I asked Officer Eisenbeis about the license on the the vehicle. I was shown the temporary license, which was not visible/displayed. The temporary license looked fake as though it was printed off a computer. When officers ran the temporary Texas license plate, officers found that it had expired in February of 2013.

Due to IKE'S behavior and his history of suspensions/failing to respond, we requested that he be booked for Reckless driving and the registration being expired over 90 days.

Due to the fact that IKE was being booked and IKE did not have a holster in his possession, the gun was property inventoried for safe-keeping.

The vehicle was towed due to the registration being over 90 days expired.

A. Ah, yes.

Q. Could you explain in your own words what happened?

A. Yes. Um, to start off, um, basically after coming from work, I went and, ah, met, pretty much met with a friend, a business owner, um, in regard to a tee shirt design, ah, basically it was in reference to, ah, this design here which is visual. It's a mother's, it was a Mother's Day, ah, breast cancer walk, ah, designed for the twin, Twin Cities Race for, ah, Race for the Cure. And, pretty much what was goin' on, I was actually in my car. He was just leavin' work. I was, I pretty much pulled up on the side of him. We began to engage in, um, conversation about the tee shirt here.

Ah, basically, at that point in time, I visually, um, seen an officer, well, pretty much squad car number 360, ah, ride by, ah, pretty much the address stated, um, three times in the course of about maybe five to eight minutes. So, after seeing this squad car 360 ride by for the third time, ah, I immediately pulled my car over to the front, parked, got out. At that time, me and the friend, the business owner that has this tee shirt design shop, ah, again, ah began to engage into conversation about, ah, what was gonna go on about the order.

At this point in time, um, I seen squad car 8321, a Minneapolis squad car, pretty much approach me slowly at that point. So, I'm looking and my friend is also looking at this, ah, squad car approach me. At this time, I seen two fellow officers get out of the car. One was Officer Seidl, the other one was a woman fellow officer which I didn't get her name, ah, but I guess they were patrolin' the area.

Q. Do you know which officer was driving and which one was passenger?

A. Officer Seidl was driving.

Q. Okay. Thank you.

A. Um, at this point, he immediately got out the car and he told me to put my hands on the car. At that point, I

asked him, ah, kind of confused, "Why do I need to put my hands on the car?" At that point, he said, "Just put your hands on the car. I'll tell you." And, at this time, I seen, ah, the officer from Squad 360 pull up. He got out the car too, came up to me or came pretty much engaged, ah, in this whole ordeal or what not. Um, at this point, when I'm asking him, "What's going on?" and why is it that he is wanting me to put my hands on the car. Ah, he began yellin'. So, at that point, I put, or I placed my hands on the car. He then goes into my right or starts to pat me down, goes into my right pocket where he feels, um, my, ah, my wallet. At that point, he reaches in my pocket, takes my wallet out and eventually starts to go through it. I'm asking him over and over, "What's the problem? What's goin' on? What's the probable cause?" and pretty much I'm still gettin' or getting no answer.

So, after that when's he's going through and checking my, my cards that I have in my wallet. I had credit cards. I had two, or I had my ID so I have a Minnesota's driver's license and also I had my Arizona license in which he asked why do I have two IDs and I told him, you know, I live in Arizona and I had that for a second identification at the time. Um, and I currently do reside and I have an address in Arizona and pretty much just gave him this information. And, at this point, he began to, ah, after asking again, you know, "What's going on?" he then begins to say, "Well, you know, there's a bunch of gang activity."

Now, the thing is, I just got off of work. I had on my jeans, I had on, ah, a red, or, not a red, but a white, black, blue, red and maroon, ah, colored shirt, ah, flannel and then I had on, um, my maroon Levis, ah, shoes. At that point, he began to say, "Well, I know you're probably a part of the Blood Gang members or Blood Gang members. And once I told him I don't know what he's talking about. I don't know what this is about but the thing is after checking my wallet I mean he can visually see that I'm a Permit to Carry and I'm pretty sure if I was a gang member they wouldn't give gang members those type of things. But I told him. I said, you know, "I had my permit to carry for six years and, I mean, this, I just basically, I mean I was a little bit frustrated at that point."

Um, after he went through this whole process, he took me to the back of his car, put me in his car and then began to run warrant checks. He ran a driver's license status check, just pretty much every check possibly. I don't know what other check he ran. I think he was probably checking my Arizona license to see if that was valid or ID to see if that was, ah, valid. Um, at that point, me and him engaged in a heated argument about him thinkin' I'm a part of this Blood Gang organization or unit or whatever and he starts to begin to ramble on about I guess shootings that happened in the area, shootings that happened somewhere else and then I guess someone had got shot over North or somethin' like that in which he was tellin' me information that wasn't even pertaining to me.

And, you know, I said, "Well, I mean, you can't sit her and classify everybody as a gang member." He said, "Well you look like a gang member." And, pretty much this is what he stated out of his mouth was, "Well, all the blacks in this area are gang members or part of the Blood unit." At that point, in response, what I told him was, "Well, what about the Whites, Hispanics and Asians?" And he said, "Well there's no Whites and there's one Hispanic that's part of a Blood gang member unit in this area or whatever. And I told him, "You know what? This doesn't even pertain to me. I work on, or, my profession is computers. I've been working with computers." I began to tell him, "I have accredited companies. We're workin' through Target Corporation for five or six years, five years. Best Buy Corporation." I began to tell him what I was about. "I'm a Dunwoody College student. I mean graduated from Dunwoody College. I have a computer networking degree." I don't know nothing of what he's talking about.

At this point, after I came back clear, ah, he began to engage in, you know, all this other stuff about gang activity that I had no clue about and I said, "Look, I'm ready to go." At this point, he gets frustrated, he gets out of the car, comes over to the back of the car that I was sitting in, then, he lets me out. At that point, I began to walk to my car. Now, he had no idea that my car was even around in the area. I went over, walked to my car. At this point, when I got in my car, I've got an SL-500. It's a Mercedes Benz and my top was down. At this point, he drives up to my car, turns his lights on, gets out of the car, comes up to my, ah, the driver's side door and asks to see my license, registration and proof of insurance.

And, I said, "You already just ran a check. You already cleared me. I just bought a car." I brought my

11 paperwork. This is all of the paperwork I showed him. He said, "Show me your title." I had a temporary plate that was in my car that I showed him and I showed him my title here. And, at that point, I mean, he began to taunt me and, yes, I got out of character and I told him, "You know what?" There were some things that I said that I said, "You know, you're actin' like a pussy." That's what I said to him. At that point, he tells me to get out the car. I get out the car. Then, or what he does, he handcuffs me, puts me in the back of his car. Him and the fellow officer, the woman officer, decided to go in my car and at that point they're searchin' my car, um, clearly see 'cause I know his lights were. At this point, I knew his lights were on, that the video was recording. Um...

Q. Did you see a camera in the car?

A. Um, in his car?

125 Q. Yes.

A. I believe he has one, yes.

Q. You said that the car he was driving was number 8321?

130 A. Ah, 8321 was his squad car. So, at that point, he's in my car. I can see him visually pulling up on my middle console, in which it's actually a latch that separates two departments. So, I see him struggling with the department, and, at that point, I guess he's looking through it. He goes through the whole car and, at this point, I would probably say it lasted maybe about five or ten minutes with them going through the search of my car.

135 They come back to the car. They are looking in the database and they're pullin' up a bunch of other stuff and then they ask me about my car that I own, or another car that I own, which is a Monte Carlo. They asked me where that was which I don't know why that had anything to do with anything. And then, at that point, um, he writes me, or, once he, or after he goes through my car and then after this whole search he comes back to the car and then he was tellin' me if I, do I want to go to jail and I said, "For what? I didn't even do anything."

140 At this point, I mean, it's just all over the place as of right now and then he finally lets me out the car and then, um, at that point, what I can remember, I'm getting' back in my car and I get a ticket. He gives me a ticket for no registration on my car for Minnesota which my car was shipped up here from Texas and it had the temporary plates still on, or still in there and all of that. So, yeah, he gives me a ticket for that and then at this point he, um, lets me go or after he's done with this whole process, he then begins to, there was a friend of mine that pulled up that seen what was goin' on. Ah, he was there and he asks was I okay.

150 And what I started to do was start to immediately because what he did after he was done with my whole ordeal he got out went over to him, or asked to see his driver's license and ask whose car it was and I began to video with my phone at that point. And, he immediately stopped harassing my friend and at that point he told me, "I don't know what I'm getting myself into." And he said, "Next time, I'll have more time for you." and he gets back in his car and he drives off. And I still was recording this, ah, stuff here but, um, I know for sure from the time that he approached me from when this first all started I know this was on camera. Mobile camera three was in the area and this is the view in which I believe it was recording in which it should have that whole search of him first coming up to me and approaching me from the start of everything and that's the woman, or the fellow woman officer that was I was able to get a recording of.

160 Q. That's a picture from your camera?

A. Yeah.

Q. I mean your phone?

A. Yeah, from my phone.

165 Q. Okay. Do you mind if I make a ...

A. Oh, you can have that. I brought this strictly for your intake of everything.

Q. Oh. Thank you. I'll see if I can get footage of this camera. It's got to be around somewhere. Alright, that should help things. A couple of questions. The gentleman that you were talking to when the officers pulled up, was he there for most of this contact with you?

A. He was there for about maybe, he was actually goin' to pick up his kids. When Officer Seidl pulled up, he was there for I want to say approximately, maybe three to five minutes and then he left because, you know, it began to get a little bit out of control. But he was there for the first I would say probably three to five minutes.

Q. Do you think this person would offer any information to us?

A. Um, I'm pretty sure. He should be...

Q. Do you know his name and how I can get in contact with him?

A. Um, Deyon Loveless.

Q. Can you spell his first name?

A. D-E-Y-O-N. Loveless: L-O-V-E-L-E-S-S. His number is 612-481-3935 or 39. I'm sorry, 3932.

Q. You mentioned you have a Permit to Carry?

A. Yes.

Q. Obviously, since there's no mention of weapons in here, I assume you were not carrying your weapon at that time?

A. I didn't have my firearm on me. No.

Q. Did the officer ask you about that? If you were carrying or if you had it in the vehicle or if you had it somewhere?

A. No.

Q. When you were in your car and he came up and asked you for ID and registration and insurance, did he ask you at that time whether you had your firearm in the car?

A. No.

Q. Do you have any idea what he might have been looking for by searching your car?

A. I have no clue what he, was he then intentionally thinking or his train of thought for what he thought he was looking for. I have no clue of what his intentions were. From, pretty much from the beginning of this or the start of everything, he didn't even have any, how can I say? He didn't have. I would say, he didn't have a clue that I even had a car because when he first approached me, or when he first saw me, I was outside of my car. My car was parked pretty much from where his car was between the distance of when I was actually communicating and talking with my friend, his car was actually pulled behind my friend's and mine was actually pulled over on the side there on the street. So, when he first approached me, he didn't even know that I had a car at that point.

Q. Was the person you were talking with, were they in their car?

A. They were in their car, yes.

Q. You were out next to the car talking to them?

A. That's correct.

Q. Was this car stopped in the roadway or was it by the curb?

A. Um, when I had got out of the, or, when Officer Seidl had approached me, my car was parked.

Q. I'm referring to the car that ...

A. Yeah, this car was actually if I were to make visual of it, my car was parked here. This car was parked right next to his store. So, my car was visually, I would say, about ten to fifteen, maybe ten or fifteen, maybe twenty feet away from his car but they both were parked by the curb. Yes, and he was parked in front of his

store.

222 Q. Would it be safe to say that neither your car nor Mr. Loveless' car was blocking traffic?

A. Wasn't obstructing any traffic.

Q. So, that was not an issue?

A. Right.

230

Q. When the officer first approached you, what was his focus of conversation?

A. He would not tell me after I asked him maybe five to ten times, "What is the problem? What is your probable cause?" And, he stated and he said, "Just place your hands on the hood. I will tell you." That was repeatedly what he said, "Put your hands on the hood. Just put your hands on the hood. We'll talk about that. I'll tell you. Put your hands on the hood." That was pretty much it.

235

Q. How long after he made contact with you, how long into the detention did he start talking about gang issues?

A. That was probably, maybe, I want to say a minute or two into the conversation from when he was telling me to place my hands on the hood.

240

Q. Did he ever ask you directly if you were involved in a gang?

A. Hmmmm. No. He didn't ask me if I was involved in a gang. He said, I know, you know, you have the, you fit their whole thing or what not because of what colors I had on. And I said, "Well, I mean, that shouldn't, I mean, you're passin' judgment now." And, I mean, I told him I didn't feel comfortable with that and at that point, I mean, there was no, or, I would say any indication for him to say, "Well, you know what? I can see that you're a gang member because you fit. You have all the colors on and you're in this area." Which I didn't understand but. And then I asked him, "Well, if I was wearin' blue, then, then he said at that part, I mean, I remembered about one of those, ah, things that I asked him. I said, "Well, if I was wearin' blue then would you have stopped me then?"

250

Well then he said, "Well, don't get smart with me." Or something he said like that, so. It was basically. I would say he was charging at me because of what colors he thought were known in that area and I mean, me personally, I dress nice all the time. I don't think I was tryin' to mimic anything of a gang member at all. I mean, pants saggin' and all of that. I mean, my pants are usually well-fit to me so there not, you know, any of that look. I mean I had a nice collar shirt on. I don't know what he was thinking to think that, okay, well maybe, you know, you're part of this gang organization or you have somethin' to do with, ah, this whole gang unit.

255

260 Q. You said when he searched you, patted you down, he reached in and pulled your wallet out of your pocket?

A. Yep.

Q. Is that the wallet you're carrying, that wallet you have there?

A. Yep. That is the wallet.

265

Q. Did he take anything else out of your pockets? Did he feel anything and say, you know, "Gee this feels like some kind of weapon" or it feels like something of that sort. Did any of that conversation come up?

A. Nope. This was the only thing I was carrying in my wallet and my key was in my car the whole time.

270

Q. Did he ask if he could see your wallet?

A. Ah, no. He immediately went through it and then started asking why or when he looked in my wallet and he was goin' through everything he pulled my Arizona license and then also pulled this information out, my Minnesota and then these were the two things that he questioned. Why do I have two IDs? And then, looked through everything else. I mean this is all my credit cards I carry on me. I had no money on me. Um, he didn't even say anything about the Permit to Carry. As far as like, you know, at that time, and then in reference and I said, I mean "You know, gang members don't carry these permits." And then he didn't even say anything about it.

275

- 280 Q. You had mentioned that when he was talking to you and you were in your car, you made a comment to him something of the effect that he was acting like a pussy?
- A. I said that. Yes.
- Q. You said it was after you made that comment, that that's when he had you come out of the car and handcuffed you?
- 285 A. Yep.
- Q. Did he give you an explanation about why he was putting you in his squad car and handcuffed?
- A. No.
- 290 Q. Do you know how long your complete detention lasted?
- A. From start to finish?
- Q. Yeah.
- A. From when he first approached me?
- 295 Q. Yeah.
- A. I would say, hmmm, I would say it had to have lasted about maybe 20 to 25 minutes.
- Q. The length of time that you were in the back of the squad car after you had been inside your car and he removed you and pulled you out. Do you know how long that time lasted?
- 300 A. From the first time I was in the squad car?
- Q. No, the second.
- A. Oh, the second time? Ah, I would probably say maybe for somewhere around maybe five to ten minutes.
- 305 Q. Was that a longer period of time than the first time?
- A. Um. Well, it was longer. Well, I want to say it was probably maybe about the same, maybe about ten minutes that I was in there the first time because they were running a bunch of checks of which I didn't understand.
- 310 Q. The time that you were there that the officers were contacting you, was your primary contact with Officer Seidl?
- A. Yes.
- 315 Q. Did you have any interaction with the female officer?
- A. Um, she pretty much didn't say anything. Officer Seidl was pretty much the one that ran the show.
- Q. You said that during this time, squad 360 came up. You said originally that squad was circling around but then it came up after you were approached by Officer Seidl.
- 320 A. Right.
- Q. How many officers were in that squad car?
- A. In 360?
- 325 Q. 360.
- A. Only one. Only one.
- Q. How long did that squad car remain on scene while Officer Seidl spoke with you?
- A. Probably for about five to eight minutes and then he left.
- 330 Q. Did either of these squad cars have their lights on when they were contacting you?
- A. The second time. Officer Seidl, when he seen me go up to my car and I got in my car that's when he

immediately jumped in his car, threw his lights on, pulled up after me. The first time he didn't have his light on.

33: Q. How about squad 360?

A. Squad 360 had no lights on.

Q. Did the officer that was in squad 360 have any conversation with you?

340 A. Ah, no. He looked at me a few times, made eye contact with me and that was pretty much it. He never said anything. I know there was another squad car that pulled up around the second time of when he actually was going through the search, and they sat in the alleyway maybe for about two to three minutes of everything and then I seen them pull off and that was two officers. Um, I don't remember a squad car number but I'm hoping that this catches everything.

345 After this whole incident, um, I immediately went to Precinct Three or Third Precinct and when I got there it was, ah, two, um sergeants that I pretty much made aware of this and they said that they were gonna talk to Officer Seidl about this whole incident. Ah, I didn't get a name but I'm pretty sure, well, I know them, by face for sure, um, but I can be able to point them out. It was a tall sergeant and a short sergeant from what they say. Um, and this had to have been somewhere around eight o'clock, ah, when I spoke with, ah, with them, probably around eight fifteen, eight twenty.

Q. This is the Third Precinct?

355 A. Yep. And I pretty much told them everything of what I stated and they said that they were going to have a talk with him.

Q. Going back to the damage that was done. The damage on your car.

A. Yes.

360 Q. What was the condition of the vehicle before the officer entered the car?

A. The condition of the car was excellent. It was pretty much a 2003. It's a ten year old car and only has 47,000 miles on it. It was pretty much well kept. It's an SL500. Um, there was nothing wrong with the car. It was immaculate. It came from Texas. An older couple owned it. Um.

365 Q. How did you arrange to purchase this car. You were up here?

A. Yes. I had it shipped.

Q. How did you locate the vehicle to purchase it?

A. Internet.

370 Q. Are there any photographs on the internet of the vehicle and its interior?

A. Yes.

Q. Okay. Is this the console?

375 A. That's the console there.

Q. Okay. Now, these photographs that you're showing me, is there any way that you can send those to me?

A. I can send these to you. Yep.

380 Q. Okay. That would be great. Now, when Officer Seidl was in the car, you said he was searching. Was the other officer, the female officer, searching as well?

A. Yes.

Q. Could you see which officer was searching in the console area?

385 A. Officer Seidl.

Q. Was he the only officer you saw do that?

A. Yes.

39: Q. Now, this was at seven thirty in the evening. What were the lighting conditions at the time?

A. Ah, visible.

Q. Were these pictures that you have here that show the mobile police camera. Were those taken that night?

A. Ah, yes they were.

395

Q. So, this, the one below it that shows the street scene was that taken the same night shortly after your contact?

A. Yes.

400 Q. Would this depict the lighting conditions?

A. [no audible dialogue]

Q. Okay.

405 A. That's when they went over there and started to question my friend in his car. Then he walked away as he seen I was video recording. Here's my car. Let me see here. That's him pulling off. That's my car.

Q. When did you discover the damage to your car?

410 A. Ah, well, around nine o'clock. That's when I decided to go in my console and seeing that it lifted right up and my car actually has a locking mechanism. I lock my glove box. Behind my two seats there's two storage bins or two storage boxes and then there's my regular, ah, console. When I lock my glove box, it immediately locks my middle console or it locks the two storage partments. Around that time, that's when I realized that this piece here, let me see, and that's the stuff they tossed around in the car. And then the little piece.

415 Q. That's what broke off the latch system?

A. Yep. That's where it tore off.

Q. Anything that you can send to me with regards to a video or photos that would be great and we can include it into the file.

420 A. All right. Okay.

Q. When the officers were searching your car, were there any witnesses around that you're aware of?

425 A. Um, um, there, there's a local corner store. Mike and Billy. They actually own the store. It's called Cup Foods. They said that they'll be able to provide video of it. Um, there's also a store that's across the street. There's a Mexican shop. I guess this guy is the owner. He was actually visually or he was actually out at this time looking at the whole thing and, I mean, I can probably get something from him. Um, other than that, my only two witnesses, key witnesses, is gonna be this mobile phone and then, um, or the video that's gonna be provided if I can get it but they said it needs to be court ordered or something like that to prove by the video.

430

Q. Refresh me here. The top was down on your car?

A. Yes.

Q. When the officer was searching, could you determine at what point he was getting into your console?

435 A. He was in, I believe the driver's seat when I can see him pulling it up and his lights were on at this time so it should be recording all of that when it, showing him forcing the pull up on my thing there and, I mean...

Q. It was locked by your key?

440 A. No, it wasn't. My first compartment was locked. I mean my second compartment was locked but under this console there's two latches. One is gonna release the first, the top latch in which he wasn't and which he started to pull up on it. It can't release the second one yet. And, I was screaming out of the car, actually. Like, you know, I can show you how everything works but I can see him forcing my thing up and I could see

that, you know, visually with my own eyes. I already know how I had my car and I mean the thing is, it wasn't like that.

144 Q. Is there anything else that we haven't talked about yet that needs to be included in your statement?

A. Ah, that's pretty much it.

Q. Is this a true and accurate statement?

450 A. Yes.

Q. It's now approximately 12:46 p.m. and I'm going to conclude the interview at this time.

A. Yes.

Q. Have you been informed that the purpose of this statement relates to an OPCR investigation and specifically an administrative review that is being conducted and that you have been accused of violating [REDACTED]

[REDACTED] And that this occurred on May 7, 2013 at approximately 7:23 hours at 816 38th Street South East?

A. Yes.

Q. Okay. And that you are being called to explain the circumstances regarding this event?

A. Yes.

Q. Okay. So, on that particular date and time did you have contact with an individual by the name of Jamaal Ike?

A. Yes.

Q. Okay. Could you explain the circumstances surrounding your initial contact with him?

A. Yes. Ah, we were on patrol, ah, my partner Tammy Werner and I were on patrol and we worked a beat car for the precinct and our specific beat was, my specific beat is 38th Street East and Chicago business area. Ah, this particular shift and evening, ah, we were tasked to go and, ah, try to find out information related to a recent rash of gang shootings, ah, one of which had happened, that had occurred just, ah, prior to this stop.

Um, I had been training and, um, have knowledge of the Blood gangs, Blood Street gang which is located in the area of essentially in the, ah, Central neighborhood and the, ah, Powder Horn neighborhood which the home base for this gang or the area where they most frequently hang out is 38th and Chicago at Cub Foods. This stop was right next to Cub Foods.

5 I had been working on this gang for approximately twenty years and the only state qualified expert in the area of this gang and, ah, overall Southside gangs in the 3rd Precinct in South Minneapolis. The gang is, was currently and still is in an ongoing war with the Rolling 10's which occupies the area of Franklin and Chicago Peavey Park area. They've been shooting back and forth at each other for years and this summer, when this stop occurred, there had been heightened increase in violence between the two gangs and mostly, ah, ah, related to shootings back and forth.

10 On this night, ah, I was patrolling the area. We were looking for, ah, we were both looking for, ah, witnesses or, or persons that I knew in the gang that possibly would have information. We were also looking for any signs of, ah, potential violence and, ah, in driving through the area, where I'm pretty well known by the gang, I saw this, ah, Mr. Ike standing in the street. He was approximately four feet away from a parked car. He was standing in the, in the mid, towards the middle of the street, not towards the curb and he was in a lane of traffic and that was the cause for my initial stop was him standing in the street. Ah, he began right away, ah, using profanity and he was very upset that I had stopped him, that I had bothered him, that I'd wasted his time, felt I had no reason to stop him and, ah, so prior to the video, that was our initial stop. He was speaking to someone in another vehicle and that was the reason for the stop.

20 Q. Okay. Were there other people on the sidewalk in that area as well or was it just your focus was on him?

A. There were a number of people in the area. I believe it was, ah, ah decent night. You know, it wasn't too cold for people to be out, um, but he, he caught my attention because he was standing in the street.

25 Q. Okay.

A. And he was also wearing red, red plaid shirt and red shoes which is the Blood gang's color and having done a extensive Federal case on the Rolling 30's Bloods, through talking to witnesses and actual members, I know from their mouths that the only people allowed to wear the color red in that area are themselves and their associates. Um, other people who are not in the gang are not known by the gang, if they wear colors in that area, even the color red will be confronted. So, that is a, becomes an indicator for me that, um, someone is, is known as a friend in the area, if they're allowed to wear colors standing wide open in public.

30 Q. Okay. During your initial stop, did you, um, detain him in the squad car?

35 A. I don't remember...yes, we did.

Q. Okay.

A. Yes. We placed him in the rear of the squad car.

40 Q. Okay. And you ran record checks on him and...

A. Yes, sir.

Q. So forth, the usual stuff when you detain somebody?

45 A. Yes, sir. Warrant check, um, maybe a criminal history or not a criminal history but, ah, um, just a warrant check and, ah, identification check.

Q. Okay. Now, after that detention, you, you allowed him to ex...you had him exit the squad car and you allowed him to walk away. Is that correct?

50 A. Right. We advised him for the violation of, ah, standing in the street. Where a sidewalk is provided, it's a statute, sixth statute and, um, yeah, initially let him walk away after I identified him and let him go.

Q. Okay. So, after that, ah, you detained him a second time. Correct?

55 A. Correct.

Q. Can you explain the, the reason for detaining him the second time?

A. Yes, I did.

Q. No, could you explain why?

A. Oh, um...

Q. What your, what your...

A. He had left. Well, initially, um, he was very argumentative, very uncooperative, ah, continually berated us, talked down to us, um, used profanity, ah, yelled at us. When I released him I thought I was done with my contact. I held no grudges. He walked over to a vehicle. It was a Mercedes, ah, convertible and sat in the driver's seat. I noticed it's ah, it's very obvious that there was absolutely no license plate on the vehicle. Ah, I pulled in behind the vehicle and approached him and asked him if he had a temporary permit that I could see because the vehicle has no license.

Q. Mmhmm.

A. So, that was the reason for the second stop.

Q. Okay. So, you advised him what, what the purpose was at that point?

A. Ah, yes, yes and asking him for his, asking him information about his, his, ah, placard and then he produced it right away.

Q. Okay. And, ah, where was, where was the, um, temporary vehicle information? Where was it...

A. It was somewhere in the vehicle and it wasn't visible I believe.

Q. Was it from Minnesota or was it from another location?

A. Ah, it was from I believe Texas.

Q. Okay.

A. He had it on the dashboard or something.

Q. Okay.

A. But it was from Texas.

Q. So, what did you do, ah, at that point after he presented that information to you?

A. Ah, asked him if he was a registered owner and asked him, ah, how long he had owned the car and how long he had had it Minnesota and, um, with profanity, he, ah, told me that he had had it here for over a month and a half.

Q. Okay. And, um, so, was the, the information or the data that he gave you was it still valid in Minnesota at that point?

A. Yes. Yeah, the, the, ah temporary permit was valid, yes.

Q. And, so what did you do at that point?

A. Ah, took the plaque, took the information and went back to our squad and we have, ah, a way of running it in NCIC to check, ah, to see if the vehicle is wanted, stolen, if it's, you know, to look for any wants or warrants on the vehicle and to see who it was registered to.

Q. Okay. And what was your determination at that point? Was it? Was it? Did it come back to him or?

A. I, I don't have it in my report and to be honest with you I don't remember.

Q. Okay.

A. But it must have been okay because, ah, I didn't take any enforcement action on, on the, ah, registration.

Q. Okay. So after, after you, ah, you ran your NCIC check and, ah, determined there were no wants or

warrants on the vehicle, um, then you went back to talk to him. Is that correct?

A. Yes.

Q. Okay. And what occurred, ah, while you were at the car?

A. Um, according to my statement, it looks as though I, ah, checked the registration then I went back and asked him, ah, how long he had had it in Minnesota and he said, "One and a half fucking months." When I turned to walk away to go back to the vehicle to write a citation, um, he yelled "Pussy." Then I turned back and asked him, ah, to step out of his vehicle and escorted him to the, ah, to our squad where we handcuffed 'em and placed him in the rear.

Q. Okay. Now, you say you were going to write him a citation. Um, can you explain what the, what the criteria is in Minnesota for, ah, for out of state temporary registration is, when they have to be registered in the state?

A. Ah, they need to be registered within ten days of, ah, residence.

Q. Okay and he's a Minnesota resident. Is that correct?

A. Yes. Right.

Q. All right. So, how was his demeanor like when you were talking to him at the car before you escorted him to the squad?

A. Belligerent, angry, ah, very upset.

Q. Okay. Now, you say you were walking back and he called you a pussy and that was the reason why you put him in the squad car?

A. Yes.

Q. Could you explain what, what that particular...

A. Sure.

Q. Language caused you to take him out and detain him?

A. Sure. Um, he could have shouted other things. It wasn't, ah, what it showed me was that at that point, um, he was uncooperative and he was showing a, ah, likelihood that he wasn't going to respond to any enforcement at any, ah, ah, citation.

Q. Mmhmm.

A. He, um, the, just by showing me that he was going to be uncooperative, I felt it was best to, ah, detain him in the car. I didn't at that point, ah, couldn't trust that he was gonna stay in the car and not flee or cause other problems. By detaining him, um, it's much safer for me when I see that he's, ah, belligerent and upset.

Q. Okay. All right. Um...

A. Robert Kroll: To clarify, when he called, when he called Officer Seidl, that was after the initial street stop. Correct? On the way to the vehicle?

Q. [no audible dialogue]

A. Right. Mmhmm.

Q. Yeah. Yeah the sequence would have been he's, pedestrian stop...

A. Mmhmm.

Q. Then the stop in the car and he was seated in the car. When Officer Seidl came back to his squad to verify the registration, went back and talked to him. And then he was coming back to write a citation and that's when he called Officer Seidl a pussy and that's when Officer Seidl brought him to the squad car.

A. Robert Kroll: Okay.

Q. Now, now that you have him in the squad car, what did you do next?

5 A. Ah, I began to talk to him about, ah, he continued to yell at me about, ah, he kept, he kept yelling at me about stopping him. And his issue now was that I had originally stopped him, ah, on foot and now that he was in a car I had no reason to stop him, ah, in his vehicle. That I, um, my understanding was that he was upset that I had, the vehicle had nothing to do with his original stop, which is true. The vehicle had to do with the registration. Um, for some reason, he felt that it was unfair that I was stopping him again, ah, being in the vehicle, that I had no reason to stop him and, as you can hear on the tape, I, I continually tried to talk to him, explain to him why he was, ah, being stopped because of the vehicle registration but he was, he just kept goin' on and on and arguing with me.

10 Q. Okay. Now, the complainant, Mr. Ike, um, his main concern is damage to his vehicle during a search?

A. Right.

15 Q. Did you, in fact, search his car?

A. Yes.

Q. And could you explain why you searched his car at that point?

20 A. Ah, we had intended on towing the vehicle so it was an inventory search. Ah, we began the inventory search but I believe I, I noted in the, in the, ah, report several times that it was very busy. The other squads that we had on this detail to, ah, were working in other areas and they kept calling for help. Um, we decided that we didn't have enough time to wait for a tow so we, ah, did not tow the vehicle and we ended up leaving right away.

25 Q. Okay. Now, the, ah, how thorough did you search the vehicle prior to determining that you were going to leave it and not tow it and were going to leave?

30 A. Ah, I would say it was a cursory search of, ah, the console, maybe the glove box, ah, immediate areas, ah, you know, there's not much space in there. It's a two seat vehicle. I don't believe that there...I'm not sure but I can't remember if there was a backseat or not. I believe there wasn't. So, there weren't that many areas to search and then, ah, searched the, ah, trunk for valuables, ah, any large expensive valuables would have been, ah, property inventoried for safe-keeping if the vehicle, when the vehicle was towed.

Q. Okay.

35 A. Especially in a convertible where the top is down.

Q. So, when you mean property inventoried you would have removed them from the vehicle and, and secured them...

40 A. Right. That's our policy. Right.

Q. As opposed to leaving them in the car?

A. Right.

Q. 'Cause they're taking it to the tow impound lot?

45 A. Yeah, there's been an issue with people's valuables being stolen out of, ah, vehicles in the impound lot, so.

Q. Okay. Now, um, what about this console? Um, what condition was it in when you began your inventory search?

50 A. Ah, it was. I don't remember. Um, my initial reaction would be that it was fine and, ah, many times luxury vehicles have several compartments inside console so there may be a drop tray. You pull the top tray out and there's another tray and then maybe a locked box in the very bottom. Um, I'm not sure about this vehicle but I did notice from the video that I spent some time going through the center of the vehicle. That would be my best guess.

Q. Did you have any difficulty, um, opening, opening the, ah, the console?

A. No. Not to my knowledge.

5 Q. Okay. And you don't recall whether anything, was the latch or anything was broken as a result of your search?

A. I don't recall. Ah, usually I wouldn't normally put that in my report. I would put it in there per policy if I had done something to break it or to, ah, if it came apart or fell apart, whatever the case, I would have put that in my report and I didn't note anything like that in my report so. Um, we frequently come across damage to vehicles especially to the consoles because the parts are so, not usually very strong and so we frequently come across vehicles with broken glove box doors or broken console doors and I very rarely would, ah, again note it in my report unless I had done something.

10 Q. Okay. So, after you were, you were done searching the vehicle, what transpired?

A. Ah, went back to our squad, issued, ah, Mr. Ike a citation and, ah, released him.

15 Q. Okay.

A. And then as I released him, he stood on the corner and flipped us the finger and continued to yell and make quite a scene but we had to get to another area to assist other officers.

20 Q. Okay.

A. And I thought it was best to just leave it alone.

Q. Okay. So, my understanding is that, that, ah, you did not cause damage to his vehicle.

A. No, absolutely not.

25 Q. Okay.

A. Nope.

Q. And, were, were you the only officer that searched the interior of the car?

30 A. Um, yeah, my partner, Officer Werner, was also assisting as evident on the tape.

Q. Okay. All right. All right I think we've covered everything that I need to cover...

A. I'd like to add that, you know, I, he was given quite a few breaks. There were other things that he could have been cited for like standing in the street so I did give him opportunities and I felt I went, ah, ah, I withheld any anger or judgment from his actions. He was very belligerent. He was, ah, uncooperative. He was destructive. He was, ah, confrontational from the start of the, our first contact and continued all the way through.

40 For some reason, he felt he had some sort of standing in that area of being, working in Cub Foods. Um, Cub Foods has been a, ah, a problem for us in the neighborhood for decades and we continue to try and work with the business but, ah, they just kind of do their own things and they enable these Blood gang members to use that as their, as their home base. Um, frankly, I didn't see that him admitting to being the computer guy for Cub Foods added any credibility to his character. Um, because of the constant criminal issues we have there.

45 They allow kids to come in with stolen phones and charge 'em. They've been caught selling guns out of there, they've been caught selling other weapons out of there. Um, so, no, ah, I'm not taking away from him having a job, a good job, but, ah, in my eyes, having worked in that neighborhood for twenty years, um, that store is a large part of the problem down there and, ah, um, my only intent that evening was to try and find out information to try and stop more violence which had escalated in that, in the week prior to the stop between the two gangs so.

50 Q. Okay. I have one question based on the video.

A. Mmhmm.

Q. And it's when Mr. Ike is seated in the backseat and there's a conversation between you and Mr. Ike and at one point you said, "Do you want me to arrest you for calling me a pussy?" Um, what did you mean by that and what would the charge be?

5 A. I, you know, honestly, I don't know. I, ah, that, that clearly came out of emotion. I, ah, I don't know what the charge would have been. It certainly couldn't have been disorderly conduct 'cause we because we can't be a victim to that. There were plenty of witnesses in the area but I can't think of any that I saw that, ah, would come forth as a, as a witness to him calling me that in public so I'm not sure.

10 Q. Okay. All right. Is there anything else that you would like to add to this statement that I have not asked you concerning this incident?

A. No, sir.

Q. Is this a true and accurate statement?

15 A. Yes, sir.

Q. Per MPD Policy and Procedure Sections 5-107.8, you are not to discuss this interview or case investigation with anyone other than your Federation Union Representative or an attorney. Do you understand this?

20 A. Yes, sir.

Q. All right. It's 10:30 a.m. and we will conclude this statement.

Under the Garrity Decision, any statement you provide in this investigation cannot be used in criminal proceedings against you except in cases of alleged perjury. Do you understand this warning?

A. Yes.

Q. Let me just pause and do one more thing. I forgot a pertinent document. I forgot the Tennessen Warning. Um, I'll go grab that. We'll pause the tape and I will be right back.

A. [no audible dialogue]

Q. All right. We're back on record and it's 18:09 hours and we'll start, um, backtrack here a little bit. Now, let me go back into this advisory here.

A. [no audible dialogue]

Q. I am advising you that should any of your answers in this statement be found untruthful, departmental disciplinary proceedings will be taken against you. Do you understand this?

A. May 7th.

Q. Yes.

A. Can you restate the question again, please?

Q. Sure. What was your work assignment on May 7th, 2013 at approximately 19:32 hours?

5 A. I was assigned to Squad 8313 with a partner, Officer Jeff Seidl.

Q. Okay. And, um, did you contact, um, an individual, ah, by the name of Jamaal Ike at that time?

A. Yes.

10 Q. Can you explain the circumstances surrounding the initial contact with him?

A. The Beat Squad that we were assigned to that night, 8313, is a directed patrol squad. In roll call, those officers that are assigned to that squad for that night are told that they are to do directed patrol in areas that have an uptick in crime. One of the areas that was given to us that evening was 38th and Chicago due to the gang violence that had been occurring there.

15

Q. Okay. And, um, when you first saw Mr. Ike, um, can you explain what he was doing or why you stopped him and detained him? I understand he was not by himself. Was that correct?

A. Based off of Officer Seidl's report, it states that he was talking to some occupants of another vehicle.

20 Q. Okay. And, um, now, what, you basically had, had two separate contacts with him. Is that correct?

A. Yes.

Q. So, you initially dealt with him with a group of other individuals or with some other individuals and then by himself. Is that correct?

25 A. Yes.

Q. Okay. Now, after you... Do you know approximately how long he was detained on the first contact?

A. I don't recall the exact amount of time that he was, he was with us.

30 Q. Okay. And, could you explain the reason why he was detained a second time?

A. You would have to ask Officer Seidl why he was detained a second time.

Q. Okay. Um, were you the...he was, was he in an automobile at that time or?

A. Mr. Jamaal?

35

Q. Yeah.

A. The first time we dealt with him he was standing in traffic talking to the occupants of another car and the second time he was in a, in a black vehicle.

40 Q. Okay. And, um, when... So, you don't recall the reason why he was detained with this vehicle?

A. I would have to read through Officer Seidl's report.

Q. Okay.

45 A. Um... The vehicle that he got into had no license plates attached to the vehicle based on Officer Seidl's report and you cannot see the temporary, ah, license or temporary permit was not visible on the vehicle.

Q. All right. When contact was made with him, did you go up to the vehicle as well as Officer Seidl?

A. Yes.

50 Q. Okay. And, um, did you hear any conversation between Officer Seidl and, and Mr. Ike?

A. Yes, I did.

Q. And, um, can you? First of all, can you describe the tone of that conversation?

55 A. I don't remember the specifics of the conversation. I remember, um, based off of reading the report and watching the video, um, that you could see that Mr. Jamaal, um, was yelling profanities at us, um, and was

not, um, was not willing to be real forthcoming with information.

Q. Okay. The, ah, do you recall, um, Mr. Ike providing documents for his automobile?

A. Yes.

Q. Okay. And, um, did you review any of those documents yourself?

A. Yes, we did.

Q. Do you, ah, recall from what state those documents were from?

A. Um, based on the report, it says that they were from Texas.

Q. Okay. Did you personally have any conversation with Mr. Ike with regards to, um, ownership of that car?

A. I, I don't remember.

Q. Okay. And, um, now at some point, um, did you and Officer Seidl, ah, go back to your squad car to, ah, ah, review these documents and try to get more information about the car?

A. Yes.

Q. Okay. And, um, where was Mr. Ike at that time?

A. I would, I would have to look at the video to recall exactly where he was. If he was back in his vehicle or I don't know if you're talking about when he was still in his vehicle or after we had taken him from the vehicle and put him into the backseat.

Q. I was referring to, um, after your initial contact with him at the car. Um, did you leave him in the car when you came back to the, to the squad car?

A. I can't answer that.

Q. Okay.

A. Right now without reviewing the video.

Q. Okay. All right.

A. [no audible dialogue]

Q. Now, um, at some point did you or Officer Seidl or both of you return back to his, back to his car to talk to him about the ownership of the car?

A. Yes.

Q. Okay. Was it just you or was it? I mean, was it, did you stay in the squad car while Officer Seidl went up there or did both of you go back up? Do you recall? Or, did you get out? I mean, I'm just tryin' to figure out where, where you were in relationship to the second conversation that Officer Seidl had with him while he was in the car.

A. If I remember correctly from the video, Officer Seidl was up at the vehicle talking with Mr. Jamaal. I, at one point, I was back in the squad trying to verify the registration on the vehicle, running the VIN number.

Q. Okay.

A. To see if the vehicle was stolen or if we could get the vehicle to pull up on NCIC to see who it was registered to and I was taking care of that. I know at some point, after reviewing the video, I got back out of the squad car and approached the vehicle again.

Q. Okay. Now, while Officer Seidl was, was up there talking with, um, with Mr. Ike, could you hear any of that conversation that they had between the two of them?

A. I, I don't remember hearing any conversation. Could I have? Possibly.

Q. Okay. All right. Um, in, ah, Officer Seidl's report, he indicated that, um, um, that um, while he was talking with Mr. Ike, he was, Mr. Ike was, was yelling and swearing and, ah, yelling profanities at him and that at

one point he turned to walk, to start back to the car and, and Officer, excuse me, Mr. Ike, um, supposed and allegedly called him, called, ah, Officer Seidl a pussy. Did you hear that?

A. No. I believe I was inside the car, inside the squad car.

5 Q. Okay. All right. Did you see Officer Seidl turn and go back to the car and re-contact Mr. Ike?

A. When I reviewed the video, yes, I saw that on the video.

Q. Okay. Is that when you got out and went up, back up to the car yourself?

A. Yes.

10

Q. Okay. And, um, were you aware of what, of the reason why Officer Seidl, um, pulled Mr. Ike out of the, out of the car to put him in the squad car at that point?

A. In reading Officer Seidl's body language, I knew that something was not right so I knew it was time for me to get out of the car, go up and assist him with whatever he needed assisting with.

15

Q. Okay. Did he? Did Officer Seidl communicate with you, ah, at that point, um, about, that he was going to put him in handcuffs and put him in the car?

A. No.

20

Q. Okay. But did, did those two things happen - the handcuff 'em and put him in the car?

A. Yes.

Q. Okay. And, ah, while, after he was, after Mr. Ike was put into the squad car, um, was, was the car, Mr. Ike's car searched?

25

A. Yes.

Q. Okay. Can you explain the reason why, ah, the car was searched? What, what the justification for searching it was?

30

A. If I'm correct, we were going to tow the vehicle and so we were doing an inventory search on the vehicle in order for it to be towed.

Q. Okay. All right. Now, um, one of the allegations that has been, or the primary allegation that has been made by Mr. Ike is that Officer Seidl damaged the, ah, a portion of the interior of his car, ah, during this search. Um, that being the console, the center console lid, um. Now, did you see Officer Seidl, ah, searching the interior of Mr. Ike's car?

35

A. I believe when I reviewed the video of the stop, I was looking at the paperwork regarding the vehicle while Officer Seidl was searching the vehicle. I know at one point in the video I went to the passenger side of the car and searched the passenger side of the car. I don't recall anything being broken or misplaced or wrong with the vehicle.

40

Q. Okay. Did Office Seidl make any comments to you about either damaging the console or that the console was damaged prior to him searching?

A. No.

45

Q. Okay. Did you personally observe any damage to Mr. Ike's car?

A. I don't remember any damage done to the vehicle at all.

Q. Okay. The, um, now the vehicle was never, never towed. Correct?

A. Correct.

50

Q. Okay. Um, what was, what was the reason why it was, was not towed?

A. Based on Officer Seidl's report, it, it was a busy night that night and other squads were asking for assistance. When you ask for a tow, it can be anywhere from ten minutes to an hour before the tow arrives and with time constraints, the vehicle was not towed.

55

Q. Okay. All right. And, um, while Mr. Ike was in the back of the squad car, um, do you personally recall, ah, his demeanor?

A. I could hear a conversation that was taking place on the video when I reviewed it. I, the volume, I don't know if it was on my computer or just the volume of the video itself. It was, um, very diminished. I could hear arguing between Officer Seidl and Mr. Ike. I could hear some of the things that Officer Seidl was saying and I could hear some of the things that Mr. Ike was saying but did I hear the full conversation? No. I didn't.

Q. So, your recollection of the conversation, any conversation that you heard, um, is strictly from what you heard in the video then?

A. Yes.

Q. So, you don't personally recall any, outside of what you saw in the video, any conversation. Is that correct?

A. Correct.

Q. Okay. All right. I think those questions cover the areas that I needed to contact, ah, needed to cover. Is there anything else that you would like to add to this statement that I have not asked you concerning this incident?

A. No.

Q. Is this a true and accurate statement?

A. Yes.

Q. Okay. Per MPD Policy and Procedure Section 5-107.8, you are not to discuss this interview or case investigation with anyone other than your Federation Union Representative or attorney. Do you understand this?

A. Yes.

Q. All right. It is 6:27 p.m. or 18:27 hours and we'll conclude the statement at this time.

Visit from Complainant

Type: **Investigative**

Primary Matter: **Ike, Jamaal**

Matter No.: **13-10255**

Author/User: **McKean, Stephen J**

Other:

Complainant came into the Civil Rights office at about 11:40 am to discuss his file and check status. He stated he was planning to seek restitution for the damages incurred in this incident and he requested a copy of the damage estimate he provided during intake proceedings. I advised him that I would research his file and contact him this afternoon.

At about 1:30 pm, I called the complainant back and advised him I would send those two documents to him via email.

Phone call to Deyon Loveless

Type: **Investigative**
Primary Matter: **Ike, Jamaal**
Matter No.: **13-10255**
Author/User: **McKean, Stephen J**
Other: **Is Locked**

At about 16:10 hours, 06/17/2014, I placed a telephone call to Deyon Loveless. His name was given to me by the Complainant during his interview as a possible witness to the events of this incident.

Mr. Loveless stated he has a business at the address where the incident occurred. He recalled that he was leaving his business for the day and noticed that officers had stopped Mr. Ike. Mr. Loveless said that he was "minding his own business" when he exited the business and got into his car and drove away. He did not witness any lengthy interaction between the officers and Mr. Ike. When I informed Mr. Loveless of the reason for my call and inquiry, he said, "The neighborhood is going to warrant those kinds of things" [police interactions with members of the community].

Type: **Investigative**

Primary Matter: **Ike, Jamaal**

Matter No.: **13-10255**

Author/User: **McKean, Stephen J**

Other:

Interviewed Complainant today at about 11:55 am. Got name and phone number for a possible witness to the initial contact by Officer Seidel: Deyon Loveless [612]481-3932]

Complainant supplied me with squad numbers to squads present:

8321 - Driven by Officer Seidel

360 - driven by another officer who stopped at the traffic stop.

I later checked for digital squad video for either squad, but found none in the database.

Complainant had several photos and videos in his cell phone that might have evidential value. He said he will try to send them to me via email.
