

# Earth Hour 2016

60+  
EARTH  
HOUR

Saturday, March 19th  
8:30-9:30 p.m.

Please turn off all non-essential lighting and computer screens and close the blinds before leaving your office on Friday. Don't forget to participate at home too!

For more info, see [earthhour.org/earthhour-faqs](http://earthhour.org/earthhour-faqs)

## City partners:

## Community Partners:

"As our City landmarks go dark on Earth Hour, I urge all Angelenos to consider the striking impacts of climate change -- and find ways to make a difference. We are making progress but we could do so much more. Walk or bike with your kids to school, take transit to work, save water at home, and let's make Los Angeles the most sustainable city on earth."

Mayor Eric Garcetti
