AADAP’S RESPONSE TO COVID-19 (CORONAVIRUS): HEALTH AND SAFETY PRIORITIES

Updated March 20, 2020

AADAP’s primary purpose is serving the community, and our core services are directed at a population in chronic health and welfare conditions. Therefore, we are committed to maintaining access to the community to all our services. We are making every effort to adjust to the challenges of COVID-19 and find ways to continue our services while accommodating the needs of our staff. We have taken the following steps to ensure the safety of our staff, clients and customers:

TREATMENT PROGRAMS
• Group counseling sessions are cancelled until further notice at all Outpatient treatment sites:
  • Goodman Outpatient Clinic (Inglewood)
  • Youth Outpatient (Gardena)
  • Long Beach Outpatient Clinic
• Individual counseling sessions will continue to be provided in person (practicing social distancing) and / or via telephone. Any in-person walk-ins or appointments will be pre-screened for any symptoms.
• The Residential program (Therapeutic Community) is continuing to operate daily programs with safety precautions in place.
  • This includes social distancing measures, regular disinfecting throughout the facility, and ensuring proper hand washing and personal hygiene.
  • Visitors are allowed by appointment only. This applies to all outside visitors including immediate relatives of current residents.
• Intakes may continue by appointment and with social distancing measures.

EMPLOYMENT SERVICES
• West Adams WorkSource Center will remain operational with safety precautions in place, and services will be provided by appointment only.
• The Resource Center is temporarily closed.
AADAP’S RESPONSE TO COVID-19 (CORONAVIRUS):
HEALTH AND SAFETY PRIORITIES
Updated March 20, 2020

YOUTH & FAMILY PROGRAMS
• The GRYD counselors will no longer be visiting schools as long as schools are closed.
• The ASK Resource Navigation program is providing services by appointment only. In-person services will be provided with social distancing measures.
