Let's explore LA Council District 4!

Be Creative. Be Safe at Home.

A COLORING BOOK PRESENTED BY DISTRICT 4 COUNCILMEMBER DAVID RYU
Dear Neighbor,

These are not ordinary days. I know that one of the many challenges Angelenos are facing is figuring out how to spend their time 24/7 with kids, partners, roommates or by themselves. There is only so much online learning, movie streaming and video conference parties one can do. I had the idea to create this coloring book to make staying at home just a little bit easier. I am so appreciative of producer Andrea Miller and the @goasifcreative team for helping to bring our neighborhoods to life on these pages.

Whatever colors or words you and your loved ones add to these pages, the possibilities are endless - just like the City of Los Angeles and all the communities in Council District 4 that are artistically expressed in this book.

You can also help us raise awareness of the need for more COVID-19 tests in Los Angeles by sharing your drawing (with or without a selfie) from this book in the #Art4Tests challenge. Tag me on Instagram @davideryu or Facebook @cd4ryu with #Art4Tests so we can share and launch a movement together, even though we are apart.

As we color these pages safe at home I also want you to know that I am doing everything I can to protect your health and economic situation – both during and after the pandemic. If you have questions about new emergency laws, or need any help, please visit http://davidryu.lacity.org/covid19, contact my office at 213-473-7004 or email David.Ryu@lacity.org.

Sincerely,

David E. Ryu
Councilmember
TABLE OF CONTENTS

Griffith Observatory, Hollywood
Silverlake Reservoir, Silverlake
La Reina Theatre, Sherman Oaks

brit.ly/cd4yale
EDUCATIONAL

SAG-AFTRA Foundation’s Storyline Online
A program that features free videos of celebrities reading beloved children’s stories. For each book Storyline also includes a teacher’s guide to further learning.
bit.ly/cd4sagaftra

Girlstart
Little ones in kindergarten and beyond can take advantage of Girlstart’s free at-home STEM curriculum, which empowers kids to take interest in everything from science to engineering. On its page you’ll find weekly activities and coloring pages, as well as hands-on learning sessions that stream live on social media at 11a.m. ET every day.
bit.ly/cd4girlstart

Rivet
Created by Google’s experimental program workshop, Area 120, Rivet encourages reading practice with the use of over 3,500 free books, which are designed for students in kindergarten through third grade. Children will receive points and awards for each book they read and can complete activities that promote self-reflection once they’re finished.
bit.ly/cd4rivet

Aquarium of the Pacific
Online Academy to bring the Aquarium’s educational programming as well as fun and entertaining activities to the public during the current closure.
bit.ly/cd4aqua

Natural History Museums of Los Angeles County
Access rich school curriculum and activities to do with your family at home. Participate in exciting crowd-sourced science and social media campaigns.
bit.ly/cd4nhm

EDUCATIONAL/GAMES

Los Angeles Public Library Kids Path
While all Los Angeles Public Library locations are physically closed, you can still access online resources
bit.ly/cd4lapl
**EDUCATIONAL/GAMES**

**Harry Potter At Home**
This special Harry Potter At Home hub is where you'll find all the latest things to keep you occupied – from special activity kits from Bloomsbury to Scholastic, to nifty magical craft videos (teach your friends how to draw a Niffer!) fun articles, quizzes, puzzles and more. Read the first Harry Potter book, Harry Potter and the Philosopher’s Stone as many times as you like in the coming weeks. This is one of many classic books that will be available on Audible’s new platform, stories.audible.com – take a look and see what you can find.

bit.ly/cd4wizard

**Natural History Museums of Los Angeles County**
Access rich school curriculum and activities to do with your family at home. Participate in exciting crowd-sourced science and social media campaigns.

bit.ly/cd4nhm

**COOKING**

**America’s Test Kitchen**
School-age kids can learn the ins and outs of measuring and reading recipes and try their hand at making French toast for free thanks to America’s Test Kitchen weekly program.

bit.ly/cd4kitchen

**MUSIC**

**LA PHIL: At Home With Gustavo**
Tune in Tuesday-Friday at 6pm and Sunday at 7pm to hear Gustavo Dudamel’s broadcast on KUSC and KDFC, both on the air and online.

bit.ly/cd4laphil
EXERCISES

GoNoodle
Along with movement exercises for little kids, elementary-age children can access GoNoodle’s free resources, like mindfulness videos, downloadable learning resources, and ideas for off-screen activities.
bit.ly/cd4gonoodle

NATURE & SCIENCE

National Marine Sanctuaries
NOAA’s Office of National Marine Sanctuaries works with partners to expand our understanding of sanctuaries through deep-water exploration and research. As we learn more about the mysteries of the deep, we can better protect our vital ocean.

While we explore the deep, we’re bringing you along with us via livestream, social media, and more. Learn more about the research we and our partners are doing by clicking on the tabs below.
bit.ly/cd4marine

NATURE

Friends of the LA River (FOLAR)
Education curriculum is online for teachers and parents to use at home! Read about it on their blog, and access the lesson plans to nature journal, virtually tour the River, and reflect on our urban ecosystem. Good for students from elementary to high school ages!
bit.ly/cd4folar

NY Parks at Home
New York City, the Department of Parks and Recreation pushed out their “Parks at Home” initiative – an online portal virtually bringing environmental education and recreation to viewers from the comfort of their homes. From virtual walks and meditation exercises, to regularly recurring live talks with park rangers.
