UIL/Texas Exceptions to NFHS Rules

1. Six-foot coaching box centered on either the first or second seat nearest the division line. (Sub-Varsity and Middle School Coaches Only)
2. Foul Reporting: Clear the players; make eye contact with scorer and start the report while walking, (NCAA mechanics), or go to a spot outside the three point line and stop to make the report (NFHS). Either mechanic is acceptable starting with 2014 - 2015 season.
3. Officials should only switch on shooting fouls and the foul-calling official will go table side. If foul-calling official is already on table side there will be no switch. (2 person)
4. Time-out procedure in both 2-Person & 3-Person during a 30-second time-out, go to the top of the 3-point circle. On a 60-second time-out, go to free-throw lane blocks opposite the bench area. In 3-Person, one official stays at the throw-in spot or at the end-line that free-throws will be taken. In 2-Person put the ball on the floor at throw-in spot or on the free-throw line if free-throws are going to be attempted.
5. Two-handed foul reporting.
6. 3-Person mechanics on new NFHS rule change. Texas will not use the new switch, we will not make a long switch when calling a foul in the backcourt at "Lead". The official that called the foul at "Lead" will clear players to report to the table as we have been doing then go back and become the "Trail" official.

Effective 2015 - 2016 Season
