

ELECT
Jim Barber

NYS SENATE DIST. 51

Stepping up to serve and solve problems on behalf of my community is what I have always done.

In the Senate, I can work to improve rural infrastructure, support local farms, fight for a fair tax system, and improve conditions for everyone who lives here.

PUBLIC SERVICE EXPERIENCE:

- 7 years NYS Executive Director US Department of Agriculture’s (USDA) Farm Service Agency
- 2 years NYS Dept. of Agriculture & Markets Special Assistant to the Commissioner

I’ve gained a reputation for initiating federal policy changes and developing innovative program delivery systems. Throughout my life I have volunteered my service to organizations working to improve the future of the farming sector, the strength of our communities, and to build common ground.

Everyone should have a seat at the table, not just the well-connected. As a farmer, small business owner and rural community leader, I will be your voice in Albany.

ELECT
Chad McEvoy

NYS ASSEMBLY DIST. 101

I am running again to finish what I started and bring a strong voice for rural communities to Albany.

EXPERIENCE –

I currently work as a Project Manager at SUNY Oneonta and am a proud member of UUP-United University Professions union. I have spent the majority of my career helping nonprofits — including the American Red Cross, the Bill & Melinda Gates Foundation, and Heifer International — to grow their capacity. I want to take that experience and advocate for upstate New York so that our communities can thrive.

PLATFORM FOCUS –

- Working to protect and advance quality of life in rural communities
- Civil liberties and individual freedoms
- Equality and justice
- Sustainable economic growth
- Environmental stewardship
- Voting rights
- Universal healthcare access

ELECT
Richard (Rick) Shaw

NYS ASSEMBLY DIST. 122

With the exception of serving in the US Air Force in the 820th RED HORSE Squadron — a combat-ready unit — I have spent my entire life here in Delaware County. I am deeply concerned with the direction Legislators are taking this state and how Metropolitan Politicians are trying to influence what we do in our rural communities and on our rural properties.

EXPERIENCE – Retired Health and Safety Coordinator with the DCMO BOCES — over 25 years assisting school districts with State and Federal Regulation compliance — front-line experience with unfunded mandates that in some cases don’t make sense. Worked with the State Education Department revising regulations that deal with school safety.

PLATFORM INCLUDES –

- Supporting our local farmers amidst these trying times
- Repairing our deteriorating infrastructure
- Supporting mental illness initiatives

ELECT
Betsy Kraat

NYS ASSEMBLY DIST. 102

I was born in Kingston and have lived in Ulster and Greene Counties all my life. I decided to run for Assembly because I believe there should be greater diversity at higher levels of government. The working people of New York State need representation which reflects their best interests, not the interests of the donor class.

EXPERIENCE – volunteer for various progressive candidates, including the victorious campaigns of Juan Figueroa (Ulster County Sheriff) and Dave Clegg (Ulster County District Attorney). I recently completed my Master’s of Social Work, Fordham University.

MY PLATFORM: ALL PEOPLE DESERVE –

- The same quality of life
- Health care
- Access to educational opportunities.
- All workers deserve protections.

Our value as people is not defined by a job title or income.
