

Petition to the Ontario Legislative Assembly: Fairness on Campus: Support good jobs and public funding for public universities and colleges!

WHEREAS the most jobs in Ontario require a postsecondary degree;

WHEREAS postsecondary **education must be accessible** for students of all economic backgrounds, and universities need to provide good jobs for their faculty and staff;

WHEREAS Ontario has the **highest tuition fees** and the **lowest per-student funding** levels in Canada;

WHEREAS the chronic underfunding of postsecondary education has resulted in higher tuition fees for students and their families, the gradual transformation of education from a public good to a private benefit, corporatization of Ontario institutions and casualization of work on campuses;

WHEREAS in Ontario, **over half of university faculty now work on precarious contracts** and nearly three-quarters of college faculty work without job security and equal pay;

WHEREAS inadequate funding increases the pressure on colleges and universities to contract out decent jobs to low-wage, non-union service providers;

WHEREAS too many workers on and off postsecondary campuses still earn less than \$15 an hour;

WE THE UNDERSIGNED petition the Legislative Assembly of Ontario to increase funding for public postsecondary education and ensure that universities and colleges make every job a good job on Ontario's campuses!
