

We are struggling to make ends meet, while the rich keep getting richer. Instead of fixing this, politicians are using anti-immigrant racism to distract us.

# I PLEDGE NOT TO LET POLITICIANS USE RACISM TO DIVIDE US!

*By signing this pledge, you commit to talking to your friends and co-workers, and to contact politicians or media if they use anti-immigrant messages during the federal elections. We will send you tools to help you have these conversations.*
