

RainScape Rebates Participating Contractor List

NOTE: The companies on this list have been listed alphabetically by type of service provided, either “rainwater harvesting”, “design”, or “installation”. Some companies may be listed more than once as they provide both types of service. Please keep in mind that these are professionals who require fees for their consulting or design services. Assistance with completion of the application is considered a reimbursable expense if your application is approved.

If your contractor does not appear on this list, you may still utilize their services. However, you may not submit their associated expenses as part of your RainScaping budget as they are not eligible for the Refund.

Missouri Botanical Garden lists Participating Contractors but DOES NOT certify the technical expertise of contractors participating in the program.

NOTE: Contractors **listed in bold** attended the 12/17/13 Contractor Workshop. Additional evaluation points will be given to applicants who utilize these contractors.

Missouri Botanical Garden lists Participating Contractors but DOES NOT certify the technical expertise of contractors participating in the program.

If you have questions regarding the program guidelines or contractor application process, please email RainScaping@Mobot.org. If you need to speak to someone, please call the general Program phone number at 314-577-0202. Additional resources are available online at www.deercreekalliance.org.

RainScape Rebates is funded by Metropolitan St. Louis Sewer District, Mabel Dorn Reeder Foundation, Great Rivers Greenway, Missouri Department of Conservation, participating municipalities, and US EPA Region 7 through the Department of Natural Resources (subgrant number G11-NPS-15), under Section 319 of the Clean Water Act.
